

AGCI N° 10/ 2774

REF.: Notification about the starting date of inception workshop for the project "Enhancing Resilience of Climate Change of the Small Agriculture in the Chilean Region of O'Higgins".

SANTIAGO, 20 NOV. 2017

Adaptation Fund Board Secretariat
Washington, DC
Estados Unidos

To whom it may concern,

I refer to our joint project "Enhancing Resilience of Climate Change of the Small Agriculture in the Chilean Region of O'Higgins", for which an agreement was signed between our institutions, the Adaptation Fund Board and the Chilean International Cooperation Agency (AGCI).

As Implementing Entity, we are glad to communicate that the inception workshop has already taken place, fixing the start date of the project as August 18th, 2017. I join hereby a summary of the last updates in the project, including the aforementioned inception workshop.

Furthermore, I am pleased to inform you that the Advisory Committee to the Steering Committee has already meet four times; being the last one in November 17th, 2017, chaired by the Regional Ministerial Secretary (SEREMI) of Agriculture and National Director of the Project, Mr. José Guajardo. During its last meeting, the participants agreed to keep holding monthly basis meetings, being complemented by extraordinary sessions if required.

Would you require more details about the implementation process, please do not hesitate to contact me.

Sincerely,

JUAN PABLO LIRA BIANCHI
Ambassador
Executive Director
Chilean International Cooperation Agency
