I. Introduction

A. Mandate

1. The Conference of the Parties, at its seventh session, agreed to the establishment of the Adaptation Fund.¹ The Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP), at its third session, decided that the operating entity of the Adaptation Fund would be the Adaptation Fund Board, serviced by a secretariat and a trustee².

2. By its decision 1/CMP.3, the CMP requested the Adaptation Fund Board to report on its activities at each session of the CMP. It further invited the Global Environment Facility (GEF) to provide secretariat services to the Adaptation Fund Board, and the World Bank to serve as the trustee of the Adaptation Fund, both on an interim basis.

B. Scope of the note

3. This report provides information on progress made with respect to the Adaptation Fund, in particular on the implementation of the mandate from the CMP, and recommends actions to be taken by the CMP, as appropriate. The report covers the period from December 2009 to September 2010.

C. Recommendations for action by the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol at its sixth session

4. The CMP may wish to take note of the information contained in this report [and consider adopting a draft decision on the amendment to the terms and conditions of services to be provided by the International Bank for Reconstruction and Development as trustee for the Adaptation Fund].

5. The Adaptation Fund Board invites the CMP to take note of the following key actions and decisions, taken in accordance with decision 1/CMP.4, paragraph 10 and 4/CMP.5, paragraph 3, during the reporting period:

- (a) Inception of the accreditation process of implementing entities, including the accreditation of national implementing entities that can access resources from the Adaptation Fund directly;
- (b) Issuance of a call for proposals and approval of funding decisions on adaptation projects and programmes;
- (c) Progress made to confer legal capacity on the Adaptation Fund Board [to be updated in accordance with the info provided by Germany].
- (d) The proceeds from the monetization of Certified Emission Reductions (CERs) reached \$100 million.

¹ Decision 10/CP.7.

² Decision 1/CMP.3, paragraph 3.

6. The Adaptation Fund Board further invites the CMP to adopt a decision on the amendment to the Terms and Conditions of services to be provided by the International Bank for Reconstruction and Development (the World Bank) as trustee for the Adaptation Fund (the Terms and Conditions)³ to extend the services of the World Bank through the Eighth session of the CMP. Unless a decision to amend the Terms and Conditions and extend the services of the World Bank is made by the CMP, and agreed by the World Bank, the Terms and Conditions of the trustee will expire automatically three months after the sixth CMP, i.e. in March 2011. Accordingly, the Adaptation Fund Board at its 11th meeting decided to recommend an extension of the World Bank services as interim trustee servicing the Adaptation Fund under the Terms and Conditions for an additional two years, and is submitting to the CMP for approval a proposed amendment to the Terms and Conditions as contained under Annex I hereto.

It also decided to request “the Adaptation Fund Board to consult further with the Government of Germany to conclude the necessary legal arrangements to confer legal capacity on the Adaptation Fund Board, and to report back on progress made to the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol at its sixth session.”⁵

22. Accordingly, the Board ... [to be completed when Germany provides more information].

Approval of the code of conduct for the Adaptation Fund Board

23. At its tenth meeting, the Adaptation Fund Board approved a code of conduct (annex X) for the implementation of section VII of the rules of procedures, in order to protect Board members and alternates and the staff of the secretariat from conflicts of interests in their participation, identifying cases of conflicts of interest and the related procedures. The code of conduct also applies to the Board advisory bodies, such as the Accreditation Panel.

Results based management framework (RBM) for the Adaptation Fund

24. At its tenth meeting the Adaptation Fund Board adopted an approach to implementing results based management. The Board also adopted a Strategic Results Framework for the Adaptation Fund and an Adaptation Fund Level Effectiveness and Efficiency Results Framework, both delineated in the RBM document. Over the course of fiscal year 2011, the Board has requested the secretariat to take the necessary steps to ensure a robust RBM system is in place. This includes the following: developing a monitoring and evaluation framework; designing a practical guide on how project baselines and project results frameworks may be prepared; drafting guidance for project performance reports; and developing an independent project database.

Resources in the Adaptation Fund Trust Fund

25. The World Bank as trustee has sold 6.6 million CERs since inception of the CER monetization program in May 2009 and generated revenues of US\$ 112.5 million through CER sales as of 31 July 2010. The trustee conducts CER sales through exchange trades on a daily basis as well as through over-the-counter transactions, in order to provide a predictable flow of resources for the Adaptation Fund, consistent with the CER Monetization Guidelines adopted by the Adaptation Fund Board. The trustee has also facilitated donations totalling over US\$ 60 million, in accordance with the Donation Guidelines adopted by the Adaptation Fund Board in November 2009. Net funding availability in the Adaptation Fund Trust Fund as of 31 July 2010 is US\$ 156 million, representing an increase of US\$ 133 million since last reported (30 November 2009).

⁵ Decision 4/CMP.5, paragraphs 1 and 3.

Reimbursements of funds to Parties for their contributions

26. During the fifth Adaptation Fund Board meeting in March 2009, the Adaptation Fund Board authorized the World Bank, as trustee of the Adaptation Fund Trust Fund, to repay the donors who have elected reimbursement of their contribution to the Multi-Donor Trust Fund for the secretariat for the Adaptation Fund Board (the “Administrative Trust Fund”), subject to availability of funds from the initial monetization of CERs. As of 31 July 2010, the trustee has reimbursed US\$ 500,000 to the United Nations Environment Programme (UNEP) and US\$ 191,340 to Australia for their contribution to the Administrative Trust Fund. Reimbursement of the United Kingdom’s contribution of US\$ 990,300 will be made pending formal instruction from the donor.

Closure of the Adaptation Fund Administrative Trust Fund

27. The Administrative Trust Fund for the Adaptation Fund expired on 30 June 2010, with the remaining unused balance of donor contributions totaling US\$ eq. 0.70 million. The Governments of Finland, France, Japan, Norway and Switzerland pledged to transfer their remaining pro-rata share as a donation to the Adaptation Fund Trust Fund. As of 31 July 2010, the trustee had executed donation agreements with Finland and Switzerland, and draft donation agreements with France, Japan and Norway are in the process of being finalized. In accordance with the donor agreements with the trustee, the pro-rata shares of Denmark, Netherlands and Sweden will be transferred to their respective Donor Balance Accounts maintained by the World Bank.

III. Support for the Adaptation Fund Board and implementation of its mandate

28. The CMP, at its fourth session, requested the Adaptation Fund Board to start processing proposals for funding projects, activities or programmes, as applicable, and to report back on progress made.⁶ The Board has completed those tasks as instructed by the CMP, and it is the view of the Board that it has started up the mechanism for the operation of the Adaptation Fund, including the operationalization of direct access.

29. Decision 4/CMP.5, paragraph 9 “[e]ncourages Parties included in Annex I to the Convention and international organizations to provide funding to the Adaptation Fund, which will be additional to the shares of proceeds of the Clean Development Mechanism project activities”. The Board acknowledged the financial support provided in response to this decision by the Governments of Spain and Monaco; and the pledges made by the Governments of Germany and Sweden.

30. The Board also acknowledged the support from the Governments of Finland, France, Japan, Norway and Switzerland who had pledged to transfer their pro-rata share of the balance of the Administrative Trust Fund as a donation to the Adaptation Fund Trust Fund.

31. In addition, the Board recognized the support of the Adaptation Fund Board secretariat, the trustee and the UNFCCC secretariat.

32. In accordance with decision 1/CMP.3, paragraph 18, the recruitment of the two additional dedicated officials to serve the Adaptation Fund Board – an Adaptation Officer and a Programme Assistant – was completed in February 2010. The recruitment process of two additional dedicated officials has been initiated and is expected to be completed by the end of 2010.

⁶ Decision 1/CMP.4, paragraph 10.

33. The funding of project and programme proposals will require substantial resources in addition to those available in the Adaptation Fund. The net resources available in the Adaptation Fund Trust Fund to support funding decisions amount to **US\$ 156 million as of 31 July 2010.** Estimates of potential funds available from 31 July 2010 to the end of 2012 range from approximately US\$ 317 million to US\$ 434 million.⁷

⁷ The estimates provided are based on publicly available information and do not in any way constitute Trustee predictions with respect to future CER prices, exchange rates, CER issuance, or other variables.
