

ADAPTATION FUND

AFB/PPRC.17/22/Add.1
28 September 2015

Adaptation Fund Board
Project and Programme Review Committee
Seventeenth meeting
Bonn, 6-7 October 2015

Agenda Item 7 b)

PROJECT FORMULATION GRANT FOR CHILE AND ECUADOR

I. Background

1. The Board at its eleventh meeting discussed the document “Funding for Project Formulation Costs” (AFB/11/6) and agreed, in its Decision B.11/18, that:

- i. project formulation grants (PFG) should be given once a project concept has been approved*
- ii. consideration should be given in terms of differentiating between NIEs and MIEs, since some NIEs might have financial difficulties in trying to formulate project or programme proposals;*
- iii. a flat rate should be given for project formulation costs;*
- iv. a list of eligible activities and items still needed to be prepared;*
- v. the grant should be additional to the project cost; and*
- vi. the fate of funds if the final project document was rejected should be determined.*

2. There was consensus that a three tiered system should be considered for project formulation grants: endorse a project concept with a PFG amount, endorse a project concept without a PFG amount, or reject the project concept.

3. Following the discussion, the Board decided:

To request the secretariat to reformulate the document, to include a comparison of eligible activities provided by other funds for project formulation grants, to take into account guidance provided by the Board at the present meeting, and to submit the document to the Board at its twelfth meeting, through the EFC. The EFC should review and finalize the process and policy of the project formulation grant focusing, in particular, on: the issue of unspent project funds; the procedures followed by other funds in that regard; and the determination of a flat-rate.

4. A document was prepared by the secretariat in response to the above mandate and presented at the third EFC meeting, which made specific recommendations to the Board at its twelfth meeting. Having considered the recommendation of the Ethics and Finance Committee, the Board, in its Decision B.12/28, decided that :

- (a) Project Formulation Grants (PFGs) will only be made available for projects submitted through NIEs. The Board would continue reviewing the question of PFGs for projects submitted through MIEs and would solicit comments from members and alternate members by February 14, 2011; the views would be compiled by the secretariat for presentation to the Board at its March 2011 meeting;
- (b) If a country required a project formulation grant, a request should be made at the same time as the submission of a project concept to the secretariat. The secretariat will review and forward it to the PPRC for a final recommendation to the Board. A PFG could only be awarded when a project concept was presented and endorsed;
- (c) A PFG form, reproduced in Annex V, should be submitted;
- (d) Only activities related to country costs would be eligible for PFG funding;

- (e) A flat rate of up to US\$30,000 shall be provided, inclusive of the management fee, which cannot exceed 8.5 per cent of the grant amount. The flat fee would be reviewed by the Board at its thirteenth and all subsequent meetings;
- (f) If the final project document is rejected, any unused funds shall be returned to the Adaptation Fund Trust Fund;
- (g) Once a project/programme formulation grant is disbursed, a fully developed project document should come to the Board for approval within 12 months. No additional grants for project preparation can be received by a country until the fully developed project/programme document has been submitted to the Board; and
- (h) The Trustee was instructed to remove the set-aside of US\$100,000 for project preparation that had been decided at the June 2010 meeting, as project preparation would be approved on a project-by-project basis.

5. In its twenty-fourth meeting, the Board had initiated steps to launch a pilot programme on regional projects and programmes, not to exceed US\$ 30 million and had requested the secretariat to prepare for the consideration of the Board a proposal for such a pilot programme (Decision B.24/30). In its twenty-fifth meeting, the secretariat submitted such document and the Board decided to:

- (a) Approve the pilot programme on regional projects and programmes, as contained in document AFB/B.25/6/Rev.2;
- (b) Set a cap of US\$ 30 million for the programme;
- (c) Request the secretariat to issue a call for regional project and programme proposals for consideration by the Board in its twenty-sixth meeting; and
- (d) Request the secretariat to continue discussions with the Climate Technology Center and Network (CTCN) towards operationalizing, during the implementation of the pilot programme on regional projects and programmes, the Synergy Option 2 on knowledge management proposed by CTCN and included in Annex III of the document AFB/B.25/6/Rev.2.

(Decision B.25/28)

6. The approved document AFB/B.25/6/Rev.2 contained provisions for the approval of project formulated grants for regional project and programme proposals, at different development stages, as follows:

It is proposed that the Board open a structured call for MIEs and RIEs to submit pre-concepts for regional projects and programmes. The optional pre-concepts would be very brief proposals of maximum 5 pages that would explain the proposed regional adaptation project/programme. The pre-concepts would be screened and technically reviewed by the secretariat, and subsequently reviewed by the PPRC. Together with the pre-concept, the proponent could submit a Phase I PFG request, up to the maximum level of US\$ 20,000. While endorsing the pre-concept, the Board could also approve the Phase I PFG request. The endorsement of the pre-concept would not create an obligation for the Board for later funding. As the next step, the proponent would submit a concept, and with it the proponent could submit a Phase II PFG request. The maximum

level of the Phase II PFG would be US\$ 80,000 for proposals that had been previously granted Phase I PFG, and US\$ 100,000 for proposals that bypassed the optional pre-concept stage. While endorsing the concept, the Board could also approve the Phase II PFG request. The endorsement of the concept would not create an obligation for the Board for later funding, as it is the case for the national projects. The final stage of the proposal process would be the submission of the fully-developed regional project document.

II. The Project Formulation Grant Request

7. This addendum to the document AFB/PPRC.17/22 “Proposal for Chile and Ecuador” includes the Project Formulation Grant, requesting a budget of US\$20,000, which was received by the secretariat along with the pre-concept for the project LAC/RIE/DRR/2015/1 “Reducing climate vulnerability in urban and semi urban areas in cities in Latin America”. This proposal was submitted on time by the *Banco de Desarrollo de America Latina* (CAF; Development Bank of Latin America), which is a Regional Implementing Entity of the Adaptation Fund, for the consideration by the Adaptation Fund Board at its twenty-sixth meeting.

8. In accordance with Decision B.12/28 paragraph (b), the secretariat carried out an initial review of the PFG request and found that the document provided detailed information on the use of the requested funds. The proposed activities were aligned with the goal of the project and would support meetings with key actors, coordination meetings, as well as translation.

9. Therefore, the PPRC may want to consider and recommend to the Board to approve the PFG Request provided that the related pre-concept proposal is endorsed.

Project Formulation Grant (PFG)

Submission Date: August 4, 2015

Adaptation Fund Project ID:
 Country/ies: **Chile, Ecuador**
 Title of Project/Programme: **Reducing climate vulnerability in urban and semi urban areas in two cities in Latin America**
 Type of IE (NIE/MIE): **RIE – Regional Implementing Entity**
 Implementing Entity: **CAF, Development Bank of Latin America**
 Executing Entity/ies: **Ministry of the Environment (Chile), Ministry of the Environment (Ecuador)**

A. Project Preparation Timeframe

Start date of PFG	January 15, 2016
Completion date of PFG	March 15, 2016

B. Proposed Project Preparation Activities (\$)

Describe the PFG activities and justifications:

List of Proposed Project Preparation Activities	Output of the PFG Activities	USD Amount
Meetings with key actors in order to get a feedback about the project and to evaluate local capacities: - Affected community by disaster risk in Esmeraldas and Santiago de Chile. - Local and national institution involved - Technical partners - Implementing entity	-Knowledge and lessons learned - Identification of strengths and weaknesses	US \$ 6.000
Coordination meeting with stakeholders in order to submit a work plan about: -Information and data required to prepare the concept document -Evaluation of consulting requirements	-Work plan defined to prepare the concept document -Requirements and resources identified -Definition of detailed activities -Commitment by each responsible	US \$ 6.000

-Estimation of consulting costs -Due dates for each activity -Responsibilities		
Coordination meeting with stakeholders in order to review the concept document	-Project document is validated and accepted by stakeholders	US \$ 6.000
Translation of the concept document to English	- Concept document finished in english	US \$ 2.000
Total Project Formulation Grant		US \$ 20.000

C. Implementing Entity

This request has been prepared in accordance with the Adaptation Fund Board's procedures and meets the Adaptation Fund's criteria for project identification and formulation

Implementing Entity Coordinator, IE Name	Signature	Date (Month, day, year)	Project Contact Person	Telephone	Email Address
