

**ADAPTATION FUND**

## **REQUEST FOR PROJECT/PROGRAMME FUNDING FROM THE ADAPTATION FUND**

The annexed form should be completed and transmitted to the Adaptation Fund Board Secretariat by email or fax.

Please type in the responses using the template provided. The instructions attached to the form provide guidance to filling out the template.

Please note that a project/programme must be fully prepared (i.e., fully appraised for feasibility) when the request is submitted. The final project/programme document resulting from the appraisal process should be attached to this request for funding.

Complete documentation should be sent to:

The Adaptation Fund Board Secretariat  
1818 H Street NW  
MSN N7-700  
Washington, D.C., 20433  
U.S.A  
Fax: +1 (202) 522-3240/5  
Email: [afbsec@adaptation-fund.org](mailto:afbsec@adaptation-fund.org)

## PROJECT/PROGRAMME PROPOSAL TO THE ADAPTATION FUND

### PART I: PROJECT/PROGRAMME INFORMATION

Project/Programme Category:

Country/ies:

Title of Project/Programme:  
Type of Implementing Entity:

Implementing Entity:

Executing Entity/ies:

Amount of Financing Requested: (in U.S Dollars Equivalent)

#### **Project / Programme Background and Context:**

*Provide brief information on the problem the proposed project/programme is aiming to solve. Outline the economic social, development and environmental context in which the project would operate.*

#### **Project / Programme Objectives:**

*List the main objectives of the project/programme.*

## **Project / Programme Components and Financing:**

*Fill in the table presenting the relationships among project components, activities, expected concrete outputs, and the corresponding budgets. If necessary, please refer to the attached instructions for a detailed description of each term.*

*For the case of a programme, individual components are likely to refer to specific subsets of stakeholders, regions and/or sectors that can be addressed through a set of well defined interventions / projects.*

Project/Programme Components	Expected Concrete Outputs	Expected Outcomes	Amount (US\$)
1.			
2.			
3.			
4.			
5.			
6. Project/Programme Execution cost			
7. Total Project/Programme Cost			
8. Project/Programme Cycle Management Fee charged by the Implementing Entity (if applicable)			
<b>Amount of Financing Requested</b>			

### Projected Calendar:

*Indicate the dates of the following milestones for the proposed project/programme*

Milestones	Expected Dates
Start of Project/Programme Implementation	
Mid-term Review (if planned)	
Project/Programme Closing	
Terminal Evaluation	

## **PART II: PROJECT / PROGRAMME JUSTIFICATION**

- A.** Describe the project / programme components, particularly focusing on the concrete adaptation activities of the project, and how these activities contribute to climate resilience. For the case of a programme, show how the combination of individual projects will contribute to the overall increase in resilience.
  
- B.** Describe how the project / programme provides economic, social and environmental benefits, with particular reference to the most vulnerable communities, and vulnerable groups within communities, including gender considerations. Describe how the project / programme will avoid or mitigate negative impacts, in compliance with the Environmental and Social Policy and Gender Policy of the Adaptation Fund.
  
- C.** Describe or provide an analysis of the cost-effectiveness of the proposed project / programme.
  
- D.** Describe how the project / programme is consistent with national or sub-national sustainable development strategies, including, where appropriate, national adaptation plan (NAP), national or sub-national development plans, poverty reduction strategies, national communications, or national adaptation programs of action, or other relevant instruments, where they exist.
  
- E.** Describe how the project / programme meets relevant national technical standards, where applicable, such as standards for environmental assessment, building codes, etc., and complies with the Environmental and Social Policy of the Adaptation Fund.
  
- F.** Describe if there is duplication of project / programme with other funding sources, if any.
  
- G.** If applicable, describe the learning and knowledge management component to capture and disseminate lessons learned.
  
- H.** Describe the consultative process, including the list of stakeholders consulted, undertaken during project preparation, with particular reference to vulnerable groups, including gender considerations, in compliance with the Environmental and Social Policy and Gender Policy of the Adaptation Fund.

- I. Provide justification for funding requested, focusing on the full cost of adaptation reasoning.
  
- J. Describe how the sustainability of the project/programme outcomes has been taken into account when designing the project / programme.
  
- K. Provide an overview of the environmental and social impacts and risks identified as being relevant to the project / programme.

<p><b>Checklist of environmental and social principles</b></p>	<p><b>No further assessment required for compliance</b></p>	<p><b>Potential impacts and risks – further assessment and management required for compliance</b></p>
<i>Compliance with the Law</i>		
<i>Access and Equity</i>		
<i>Marginalized and Vulnerable Groups</i>		
<i>Human Rights</i>		
<i>Gender Equality and Women’s Empowerment</i>		
<i>Core Labour Rights</i>		
<i>Indigenous Peoples</i>		
<i>Involuntary Resettlement</i>		
<i>Protection of Natural Habitats</i>		
<i>Conservation of Biological Diversity</i>		
<i>Climate Change</i>		
<i>Pollution Prevention and Resource Efficiency</i>		
<i>Public Health</i>		
<i>Physical and Cultural Heritage</i>		
<i>Lands and Soil Conservation</i>		

## PART III: IMPLEMENTATION ARRANGEMENTS

- A. Describe the arrangements for project / programme implementation.
  
- B. Describe the measures for financial and project / programme risk management.
  
- C. Describe the measures for environmental and social risk management, in line with the Environmental and Social Policy and Gender Policy of the Adaptation Fund.
  
- D. Describe the monitoring and evaluation arrangements and provide a budgeted M&E plan, in compliance with the ESP and the Gender Policy of the Adaptation Fund.
  
- E. Include a results framework for the project proposal, including milestones, targets and indicators, including one or more core outcome indicators of the Adaptation Fund Results Framework, and in compliance with the Gender Policy of the Adaptation Fund.
  
- F. Demonstrate how the project / programme aligns with the Results Framework of the Adaptation Fund

Project Objective(s) <sup>1</sup>	Project Objective Indicator(s)	Fund Outcome	Fund Outcome Indicator	Grant Amount (USD)

<sup>1</sup> The AF utilized OECD/DAC terminology for its results framework. Project proponents may use different terminology but the overall principle should still apply

Project Outcome(s)	Project Outcome Indicator(s)	Fund Output	Fund Output Indicator	Grant Amount (USD)

**G.** Include a detailed budget with budget notes, a budget on the Implementing Entity management fee use, and an explanation and a breakdown of the execution costs.

**H.** Include a disbursement schedule with time-bound milestones.

**PART IV: ENDORSEMENT BY GOVERNMENT AND CERTIFICATION BY THE IMPLEMENTING ENTITY**

**A. Record of endorsement on behalf of the government<sup>2</sup>** *Provide the name and position of the government official and indicate date of endorsement. If this is a regional project/programme, list the endorsing officials all the participating countries. The endorsement letter(s) should be attached as an annex to the project/programme proposal. Please attach the endorsement letter(s) with this template; add as many participating governments if a regional project/programme:*

<i>(Enter Name, Position, Ministry)</i>	<i>Date: (Month, day, year)</i>
---	---------------------------------

**B. Implementing Entity certification** *Provide the name and signature of the Implementing Entity Coordinator and the date of signature. Provide also the project/programme contact person's name, telephone number and email address*

<p>I certify that this proposal has been prepared in accordance with guidelines provided by the Adaptation Fund Board, and prevailing National Development and Adaptation Plans (.....list here.....) and subject to the approval by the Adaptation Fund Board, <u>commit to implementing the project/programme in compliance with the Environmental and Social Policy and the Gender Policy of the Adaptation Fund</u> and on the understanding that the Implementing Entity will be fully (legally and financially) responsible for the implementation of this project/programme.</p>

<sup>6</sup> Each Party shall designate and communicate to the secretariat the authority that will endorse on behalf of the national government the projects and programmes proposed by the implementing entities.

<i>Name &amp; Signature</i> Implementing Entity Coordinator	
Date: <i>(Month, Day, Year)</i>	Tel. and email:
Project Contact Person:	
Tel. And Email:	

## **INSTRUCTIONS FOR PREPARING A REQUEST FOR PROJECT OR PROGRAMME FUNDING FROM THE ADAPTATION FUND**

Project and programme proposals must be clear on the adaptation challenge to be addressed, the objective(s), what the project/programme will deliver when, how and by whom. Clear baselines, milestones, targets and indicators should be included to ensure progress and results can be measured<sup>3</sup>. Programmes will generally be more complex and will require greater oversight and management which should be properly explained under Implementation Arrangements for programmes.

**DATE OF RECEIPT.** Please leave this space on the top right of the page blank. The Adaptation Fund Board Secretariat will fill in the date on which the proposal is received at the Secretariat.

**ADAPTATION FUND PROJECT ID.** Please leave this space on the top right of the page blank. The Adaptation Fund Board Secretariat will assign a number to your project/programme internally.

### **PART I: PROJECT / PROGRAMME INFORMATION**

**CATEGORY:** Please specify which type of project you are proposing. The two options are:

- A) SMALL-SIZED PROJECT/PROGRAMME.** Proposals requesting grants up to \$1 million.
- B) REGULAR PROJECT/PROGRAMME.** Proposals requesting grants of more than \$1 million.

A programme will generally fulfil the following criteria: A series of projects which could include small-size projects or regular projects aimed at achieving an outcome that is otherwise not achievable by a single project. Projects under a programme would have synergies in their objectives and implementation. A programme may also cover more than one sector and geographic location. Programmes usually engage multiple partners / stakeholders and are able to achieve a greater degree of cost-efficiency through coordination and feedback of the programme's components.

**COUNTRY/IES:** Please insert the name of the country requesting the grant.

**TITLE OF PROJECT / PROGRAMME:** Please enter the title of the proposed project / programme.

---

<sup>3</sup> For detailed guidance on project indicators, targets and baselines, please consult the "[AF Results Framework and Baseline Guidance – Project level](#)" document

**TYPE OF REQUESTING ENTITY:** Please specify which type of Implementing Entity the project/programme will be managed by. The three options are:

- A) NATIONAL IMPLEMENTING ENTITY**
- B) MULTILATERAL IMPLEMENTING ENTITY**
- C) REGIONAL IMPLEMENTING ENTITY**

**NAME OF IMPLEMENTING ENTITY:** Please specify the name of the Implementing Entity

**EXECUTING ENTITY(IES).** Please specify the name of the organisation(s) that will execute the project/programme funded by the Adaptation Fund under the oversight of the Implementing Entity.

**AMOUNT OF FINANCING REQUESTED.** Please fill the grant amount (in US Dollars equivalent) requested from the Adaptation Fund for this proposal.

**PROJECT / PROGRAMME BACKGROUND AND CONTEXT.** Provide brief information on the problem the proposed project/programme is aiming to solve. Outline relevant climate change scenarios according to best available scientific information. Outline the economic social, development and environmental context in which the project/programme would operate.

**PROJECT / PROGRAMME OBJECTIVES.** List the main objectives of the project/programme. The objectives have to be aligned with the Adaptation Fund Results Framework and, in the case of fully-developed project/programme documents, specify this alignment at outcome level. For the case of a programme, this is likely to involve multiple objectives by stakeholder / sector / region, based on an overall strategic plan at the regional, national or local level.

**PROJECT / PROGRAMMES COMPONENTS AND FINANCING.** Please fill out the table presenting the project components, activities, expected concrete outputs, and their corresponding budgets to accomplish them. For fully-developed project/programme documents, the budget is required at the output level. Please also indicate the budget for execution costs and project cycle management fee. For the case of a programme, individual components are likely to refer to specific sub-sets of stakeholders, regions, and/or sectors that can be addressed through a set of well-defined interventions / projects.

The aforementioned terms are defined below to facilitate the process of completing the table:

**PROJECT / PROGRAMME COMPONENTS.** The division of the project/programme into its major parts; an aggregation of set of activities.

**ACTIVITIES.** Actions taken or work performed through which inputs, such as funds, technical assistance and other types of resources are mobilized to produce specific outputs. For the case of programmes, list the types and number of projects that the programme will support.

**MILESTONES / TARGETS.** Milestones help with regular monitoring of progress towards the target. Targets indicate the desired result at the end of the project.<sup>4</sup>

**INDICATORS** – What is going to be measured to assess if targets are met?<sup>5</sup>

**EXPECTED CONCRETE OUTPUTS.** The product, capital goods and services which result from a development intervention relevant to the achievement of outcomes.

**EXPECTED OUTCOMES.** The change in conditions, or intended effects of an intervention, usually brought about by the collective efforts of partners. Outcomes are achieved in the short to medium term.

**AMOUNT (\$).** Indicate grant amounts in US dollars by project/programme components.

**PROJECT / PROGRAMME EXECUTION COST<sup>6</sup>.** The main items supported by the Adaptation Fund for project management including consultant services, travel and office facilities, etc.

**TOTAL PROJECT / PROGRAMME COST.** This is the sum of all project/programme components requesting Adaptation Fund Board approval.

**IMPLEMENTING ENTITY PROJECT CYCLE MANAGEMENT FEE<sup>7</sup>.** This is the fee that is requested by an Implementing Entity for project cycle management services.

**AMOUNT OF FINANCING REQUESTED.** This amount includes the total project cost plus the project cycle management fee.

**PROJECTED CALENDAR.** Please indicate the dates of the following milestones for the proposed project.

**START OF PROJECT / PROGRAMME IMPLEMENTATION** The date on which project becomes effective. For AF projects/programmes, the date of the inception workshop or similar is considered the start date of the project.

---

<sup>4</sup> Please see document "[AF Results Framework and Baseline Guidance – Project level](#)"

<sup>5</sup> Ibid

<sup>6</sup> Please note that project/programme execution costs should not be more than 9.5% of the total budget requested, before the implementing entity fees. In the case of an implementing entity acting as the executing entity for a project/programme, execution costs are capped at 1.5% of the total budget requested, before the implementing entity fees.

<sup>7</sup> The project cycle management fees should not be more than 8.5% of the total budget requested. For more information on these fees, see document "[Administrative and execution costs: Analysis of current rules and comparison of practices with other funds](#)"

**MID-TERM REVIEW.** The date on which the Implementing Entity completes its mid-term review of the project/programme. Mid-Term Review is required for projects with duration of over three years.<sup>8</sup>

**PROJECT / PROGRAMME CLOSING.** Project/programme closing is set as six months after Project/Programme Completion. This is the date on which Implementing Entity completes disbursement from the grant and may cancel any undisbursed balance in the grant account.

**FINAL EVALUATION.** The date on which the Implementing Entity completes the final evaluation report, normally two months after project/programme completion but in any case, no later than nine months after project/programme completion.

## **PART II: PROJECT / PROGRAMME JUSTIFICATION**

**A. Describe the project / programme components, particularly focusing on the concrete adaptation activities of the project, and how these activities contribute to climate resilience. For the case of a programme, show how the combination of individual projects will contribute to the overall increase in resilience.**

Describe how the activities will help with adaptation to climate change and improve climate resilience. For the case of a programme, show how the combination of individual projects will contribute to the overall increase in resilience. Decision 10/CP.7 establishing the Adaptation Fund stipulates that it shall finance concrete adaptation projects and programmes. In the [AF Operational Policies and Guidelines](#), a concrete adaptation project is defined as “a set of activities aimed at addressing the adverse impacts of and risks posed by climate change. The activities shall aim at producing visible and tangible results on the ground by reducing vulnerability and increasing the adaptive capacity of human and natural systems to respond to the impacts of climate change, including climate variability. Adaptation projects/programmes can be implemented at the community, national, regional and transboundary level. Projects/programmes concern activities with a specific objective(s) and concrete outcome(s) and output(s) that are measurable, monitorable, and verifiable.”

The project objective has to be aligned with the Adaptation Fund Results Framework. The project/programme activities should align with its overall goal and objectives hence ensuring the cohesion of the components among themselves. It should be distinguished from a “business-as-usual” development or environmental protection project by clearly demonstrating that the proposed adaptation measures are suited or adequate for the identified climate threats. The project/programme proposal should therefore explain the project rationale in relation to the climate scenario(s) outlined in the background and

---

<sup>8</sup> Please see document [“AF Results Framework and Baseline Guidance – Project level”](#)

context section. Finally, the non-climatic barriers to achieving the project objective, whenever relevant, should be taken into account when designing the project/programme.

*For a fully developed proposal, the activities will have to be detailed to a sufficient level and their appropriateness in responding to the threats posed by the likely climate scenarios should be outlined in detail in the background and context section and quantified in terms of magnitude and uncertainty. The description should include information on project location and scope, and should have clearly defined activities including technical specifications, where appropriate. For a fully developed proposal, the alignment with Adaptation Fund fund-level objectives has to be specified at the project/programme outcome level as described in the document “AF Results Framework and Baseline Guidance – Project level”. In accordance with the Gender Policy of the Fund, the proposal could include, as appropriate, specific gender elements in the design of its adaptation activities and expected outputs.*

**B. Describe how the project / programme provides economic, social and environmental benefits, with particular reference to the most vulnerable communities, and vulnerable groups within communities, including gender considerations. Describe how the project / programme will avoid or mitigate negative impacts, in compliance with the Environmental and Social Policy of the Adaptation Fund (the Environmental and Social Policy) and its Gender Policy.**

The proposal should include information on the expected beneficiaries of the project/programme, with particular reference to the equitable distribution of benefits to vulnerable communities, households, and individuals. In target areas where minority groups and indigenous communities have been identified, particular benefits provided by the project/programme to those groups should be outlined.

*For a fully developed proposal, the estimated benefits will have to be quantified, whenever possible. In addition, if there is any concern of negative development or maladaptation in any of these areas, relevant evidence would need to be referenced, with specific studies if necessary. Projects/programmes supported by the Fund shall not increase the vulnerability of beneficiaries or non-beneficiaries, nor reduce their capacity to adapt to climate change. Any risk of marginalization of minority groups or indigenous people should be ruled out. All proposed projects/programmes shall demonstrate compliance with the environmental and social principles as outlined in the Environmental and Social Policy. Compliance with the Gender Policy requirements may be demonstrated through inter alia information resulting from an initial gender analysis, and/or assessment at the earliest stage of project/programme preparation to determine the different needs, capabilities, roles and knowledge resources of women and men, and/or identify how changing gender dynamics might drive lasting change. This could establish a baseline against which results of gender responsive approaches and actions can be measured. Where Project Formulation Grant (PFG) is accessible, a part of that grant could be used to conduct such a gender analysis.*

**C. Describe or provide an analysis of the cost-effectiveness of the proposed project / programme.**

The proposal should provide a logical explanation of the selected scope and approach. The cost effectiveness should also be demonstrated from a sustainability point of view.

*For a fully developed proposal, a clear description of alternative options to the proposed measures should be provided, to allow for a good assessment of the project/programme cost effectiveness. The proposal should compare to other possible interventions that could have taken place to help adapt and build resilience in the same sector, geographic region, and/or community. Quantitative estimates of cost-effectiveness are required only where feasible and useful.*

**D. Describe how the project / programme is consistent with national or sub-national sustainable development strategies, including, where appropriate, national or sub-national development plans, poverty reduction strategies, sector strategies, national communications, or national adaptation programs of action, or other relevant instruments, where they exist.**

The relevant plans and strategies have to be identified. This includes as a minimum the most important adaptation-related plans and strategies and the most important relevant sectoral plans and strategies in the country.

*For a fully developed proposal, the compliance of the project/programme with the relevant plans and strategies has to be explained in detail.*

**E. Describe how the project / programme meets relevant national technical standards, where applicable, such as standards for environmental assessment, building codes, etc., and complies with the Environmental and Social Policy**

The relevant national technical standards need to be identified, and compliance stated in a logical manner. These standards include Environmental Impact Assessments (EIAs), building codes, water quality regulations, and sector-specific regulations. Regarding EIAs, all proposed projects/programmes shall undertake a screening of environmental and social risks and demonstrate compliance with the environmental and social principles as outlined in the Environmental and Social Policy.

*For a fully developed proposal, compliance with relevant technical standards needs to be explained in detail, addressing environmental assessments, building codes, and land use or tenure regulations, as required by national legislation. If one specific activity of the project/programme requires compliance with technical standards, the legal source of the requirement, the steps taken to comply with it and the nature of the authorization/clearance granted for the project to be implemented will have to be explained. Overall, the designed project/programme shall comply with the environmental and social principles as outlined in the Environmental and Social Policy. For projects/programmes that have the potential to cause environmental or social harm,*

*an environmental and social assessment shall be prepared, that identifies any environmental or social risks. The assessment shall consider (i) all potential direct, indirect, transboundary, and cumulative impacts and risks that could result from the proposed project/programme; (ii) assess alternatives to the project/programme; and (iii) assess possible measures to avoid, minimize, or mitigate environmental and social risks of the proposed project/programme. If feasible, the environmental and social assessment shall be included in the project/programme proposal submitted to the AF. Where this is not feasible, a timeline for completing the environmental and social assessment before substantial construction begins shall be incorporated in the agreement between the Board and the IE following the project/programme's approval. A copy of the environmental and social assessment shall be provided to the secretariat as soon as the assessment is completed. Prior to submitting the environmental and social assessment to the Board, the AF secretariat may require further information from the IE on the environmental and social assessment, mitigation, and management of risks, if deemed necessary. Finally, in considering compliance with national technical standards, the time required to get clearance using national procedures may be as important a factor as compliance itself, as lengthy procedures may significantly hinder implementation of overly ambitious plans.*

**F. Describe if there is duplication of project / programme with other funding sources, if any.**

All relevant potentially overlapping projects / programmes need to be identified, and lack of overlap / complementarity stated in a logical manner.

*For a fully developed proposal, the linkages and synergies with all relevant potentially overlapping projects / programmes need to be clearly outlined, avoiding evasive wording, including areas of overlap and complementarity, drawing lessons from the earlier initiatives during the project design, learning from their problems/mistakes, and establishing a framework for coordination during implementation.*

**G. If applicable, describe the learning and knowledge management component to capture and disseminate lessons learned.**

Activities related to knowledge management (KM) and dissemination of lessons learned have to be included. They can be grouped in a single component or part of a larger component.

The Adaptation Fund has included knowledge management as part of its Results-Based Management Framework at the Fund level. Project/programme proponents must therefore systematically keep track of experiences gained from their project and analyze them periodically both to enrich the global, national and local knowledge on climate change adaptation and to accelerate understanding about what kinds of interventions work. Key factors of success of a project KM strategy include adaptive management and the development of learning objectives and indicators.

Knowledge sharing tools include websites, regular weekly or daily blog posts, or social media streams (twitter, Facebook, etc.) reflecting on progress, lessons, plans, milestone events and other aspects of the project or programme that enable implementers to simultaneously engage in knowledge sharing and publicity/communications. Complementary products that can be integrated into knowledge streams include videos, photos, voice recordings, and PowerPoint presentations. In addition to KM tools, complementary communications activities such as the development and implementation of a media outreach strategy can be included.

The target for such KM and media outreach strategies should be identified at the full proposal stage and examples of tools to be applied (sponsored radio and TV shows, media interviews, development of community radio, newsletter, mailing lists etc) should be provided.

*For a fully developed proposal, the KM and dissemination of lessons learned component has to be explained in detail. For additional guidance on the type of KM activities and indicators, please refer to Section 3 (p.27) of the [“AF Results Framework and Baseline Guidance – Project level”](#) document.*

**H. Describe the consultative process, including the list of stakeholders consulted, undertaken during project preparation, with particular reference to vulnerable groups, including gender considerations in compliance with the Environmental and Social Policy and Gender Policy of the Adaptation Fund.**

At the concept stage, an initial consultative process has to take place, with key stakeholders of the project/programme. Depending on the level of involvement of local communities or governments, private sector, CSOs or universities/research centres in the execution of the project/programme, those stakeholders may or may not be consulted at the concept stage. In project/programme target areas where minority groups and indigenous peoples have been identified, they should be consulted at the concept stage and their interests or concerns taken into account when designing the proposal. Where PFGs are accessed, these should also be used to facilitate a gender-responsive and comprehensive stakeholder consultation process in the project preparation phase.

*For a fully developed proposal, a comprehensive, gender-responsive consultative process has to take place, and shall involve all direct and indirect stakeholders of the project/programme, including vulnerable groups and taking into account gender considerations. All the stakeholders involved in the consultation process shall be identified in the project/programme proposal. A particular attention should be given to minority groups, marginalized and vulnerable groups, and indigenous people in the project/programme target areas, where relevant. The results of the consultative process must be reflected in the project design. Under extraordinary circumstances, the consultation of a specific stakeholder can be deferred to the implementation stage, if it enables a more effective consultation (e.g. if beneficiaries for specific activities have not been identified yet). However, if the project specifically targets the most vulnerable groups, they will have to be identified and consulted by the time of submission.*

*To comply with the Environmental and Social Policy, stakeholders shall be identified and involved as early as possible in planning any project/programme that may be supported by the Fund. If as a result of the screening process of the project/programme proponent identifies any potential environmental and social impacts and risks, an environmental and social assessment, and eventually an environmental and social management plan shall be required, in compliance with the environmental and social policy. The results of the environmental and social screening and a draft environmental and social assessment, including any proposed management plan, shall be made available for public consultations that are timely, effective, inclusive, and held free of coercion and in an appropriate way for communities that are directly affected by the proposed project/programme.*

*The implementation arrangement should include a framework allowing for stakeholders' views to be heard during project implementation. Whenever possible, a strategy and timetable for sharing information and consulting with each of the stakeholder groups during project implementation should be provided. Adequate facilitation measures (e.g. travel costs) should be budgeted to minimise barriers for involvement of key stakeholders where these impede their participation.*

*The documentation of the consultative process should at least contain a) the list of stakeholders already consulted (principles of choice, role ascription, date of consultation), b) a description of the consultation techniques (tailored specifically per target group), c) the key consultation findings (in particular suggestions and concerns raised).*

**I. Provide justification for funding requested, focusing on the full cost of adaptation reasoning.**

The Adaptation Fund does not require co-financing for the projects/programmes it funds. The principal and explicit aim of the project/programme should be to adapt and to increase resilience of a specific system or communities, to the adverse effects of climate change and variability. Therefore, the proposal should demonstrate that the project/programme activities are relevant in addressing its adaptation objectives and that, taken solely, without additional funding from other donors, they will help achieve these objectives. Although co-financing is not required, it is possible and often cost-effective to implement Adaptation Fund projects in parallel with projects funded from other sources. In such a situation, the Adaptation Fund project should be able to deliver its outcomes and outputs regardless of the success of the other project(s). It is possible to include activities which, taken out of context, could be considered “business-as-usual” development but these should be justified in the context of achieving the adaptation goals of the project.

*For a fully developed proposal, the full cost of adaptation reasoning should be more detailed and demonstrated for each component of the project/programme. If necessary, a comparison of a baseline situation and a with-project scenario for each component of the project/programme can be undertaken (e.g. in the case of a proposal aiming at “climate-proofing” a specific sector).*

**J. Describe how the sustainability of the project/programme outcomes has been taken into account when designing the project / programme.**

The adaptation benefits achieved with the help of the project/programme should be sustained after its end, and should enable replication and scaling up with other funds after its end. The proposal should explain the arrangements through which this would be achieved, taking into account sustainability and maintenance of any infrastructure or installations to be developed, policies and governance arrangements to be developed and implemented, knowledge to be generated, management and other capacity to be improved, etc. All key areas of sustainability should be addressed, including but not limited to economic, social, environmental, institutional, and financial.

**K. Provide an overview of the environmental and social impacts and risks identified as being relevant to the project / programme.**

In accordance with the Environmental and Social Policy and Gender Policy of the Fund, all proposed projects/programmes shall identify potential environmental and social impacts and risks. As appropriate, the proposal should elaborate on the gender-specific cultural and/or legal context in which the project/programme will operate. The screening process shall consider all potential direct, indirect, transboundary, and cumulative impacts and risks that could result from the proposed project/programme.

The proposal should state the category in which the screening process has classified the project/programme. Projects/programmes likely to have significant adverse environmental or social impacts that are for example diverse, widespread, or irreversible should be categorized as Category A projects/programmes. Projects/programmes with potential adverse impacts that are less adverse than Category A projects/programmes, because for example they are fewer in number, smaller in scale, less widespread, reversible or easily mitigated should be categorized as Category B. Those projects/programmes with no adverse environmental or social impacts should be categorized as Category C.

The screening will determine whether or not the project/programme requires further environmental and social assessment, mitigation, and management. The checklist provided in the Request for Project/Programme Funding document template shall be completed, indicating which environmental and social impacts and risks are triggered by the project/programme as requiring more detailed environmental and social assessment, and which impacts and risks do not require any further assessment, to achieve full compliance with the Environmental and Social Policy.

**PART III: IMPLEMENTATION ARRANGEMENTS<sup>9</sup>.** Describe the various elements of project implementation as enumerated below:

---

<sup>9</sup> Note: This section is not required for a project/programme concept document

**A. Adequacy of project / programme management arrangements, in compliance with the Gender Policy.**

The implementation arrangements should include a clear description of the roles and responsibilities of the implementing entity as well as any executing entity or organizations/stakeholders that are involved in the project. If necessary, provide a full organization chart showing how they report to each other.

Implementing entities should generally not provide execution services. On an exceptional basis, and at the written request by the recipient country, involving designated authorities in the process, and providing rationale for such a request, they may be authorized to do so. In such case, the responsibility for these services have to be stipulated, their budget estimated in the fully developed project/programme document, and covered by the execution costs budget of the project/programme.

When an entity intends to serve both as the implementing entity and the executing entity for a project/programme, the same rules as above apply, and the execution costs are capped at 1.5% of the total budget requested, before the implementing entity fees.

In the case of a programme, explain how the programme strategy will be managed and evaluated, and how individual projects have been identified, designed, appraised, approved, implemented and evaluated against programme's strategic objectives. The implementation arrangements should be cost-effective and efficient, and country-ownership should always be privileged. In compliance with the Gender Policy of the Fund, the implementation arrangements should incorporate gender-responsive elements as appropriate.

**B. Measures for financial and project / programme risk management.**

The proposal shall identify all major risks, consider their significance, and include a plan of monitoring and mitigating them. It should provide a table with detailed information on the different categories of risks (i.e. financial, environmental, social, institutional...), their level and how they will be managed.

**C. Describe the measures for environmental and social risk management, in line with the Environmental and Social Policy and Gender Policy of the Fund.**

The proposal shall identify all major environmental and social risks, consider their significance, and include a plan of monitoring and mitigating them. This includes assessing gender impacts and risks, in compliance with the Gender Policy of the Fund.

For all projects/programmes that have the potential to cause environmental or social harm (i.e. all Category A and B projects/programmes), the implementing entity shall prepare an

environmental and social assessment that identifies any environmental or social risks, including any potential risks associated with the Fund's environmental and social principles set forth in the Environmental and Social Policy. The assessment shall (i) consider all potential direct, indirect, transboundary, and cumulative impacts and risks that could result from the proposed project/programme; (ii) assess alternatives to the project/programme; and (iii) assess possible measures to avoid, minimize, or mitigate environmental and social risks of the proposed project/programme.

As a general rule, the environmental and social assessment shall be completed before the project/programme proposal submission to the Adaptation Fund, and its findings included in the proposal document. In some Category B projects/programmes where the proposed activities requiring such assessment represent a minor part of the project, and when inclusion in the proposal is not feasible, a timeline for completing the environmental and social assessment before construction begins shall be incorporated in the agreement between the Board and the implementing entity following the project/programme approval, and reported through the annual project/programme performance report. A copy of the environmental and social assessment shall be provided to the secretariat as soon as the assessment is completed. Prior to submitting the environmental and social assessment to the Board, the secretariat may require further information from the implementing entity on the environmental and social assessment, mitigation, and management of risks, if deemed necessary.

Where the environmental and social assessment undertaken during project/programme preparation identifies environmental or social risks, the proposal should include an environmental and social management plan that identifies those measures necessary to avoid, minimize, or mitigate the potential environmental and social risks.

#### **D. Monitoring and evaluation arrangements including budgeted M&E plan.**

The proposal should include a budgeted M&E plan, which should be in compliance with the AF M&E guidelines<sup>10</sup> and compliance with its Gender Policy.

In accordance with the Environmental and Social Policy, Monitoring and Evaluation of projects/programmes shall address all environmental and social risks identified during project/programme assessment, design, and implementation. The annual project/programme performance reports (PPRs) shall include a section on the status of implementation of any environmental and social management plan, including those measures required to avoid, minimize, or mitigate environmental and social risks. The reports shall also include, if necessary, a description of any corrective actions that are deemed necessary. The mid-term and terminal evaluation reports shall also include an

---

<sup>10</sup> See section on reporting process requirements in the AFB/EFC.7/4.Rev.2 document "[Annual Performance Report](#)". See also the "[AF Evaluation Framework](#)", the "[AF Results Framework and Baseline Guidance – Project level](#)" and the "[Guidelines for Project and Programme Final Evaluation](#)" documents.

evaluation of the project/programme's performance with respect to environmental and social risks.

**E. Provide a results framework for the project proposal, including milestones, targets and indicators.**

The proposal should include a results framework with realistic, quantified expected results. Whenever possible, the indicators and targets should be gender responsive and disaggregated by sex as appropriate. More guidelines on preparing the project/programme results framework, including a list of standard AF indicators, can be found in the "[AF Results Framework and Baseline Guidance – Project level](#)" document.

**F. Demonstrate how the project / programme aligns with the Results Framework of the Adaptation Fund**

Any project or programme funded through the AF must align with the Fund's results framework and directly contribute to the Fund's overall objective and outcomes outlined. Not every project/programme outcome will align directly with the Fund's framework but at least one outcome and output indicator from the Adaptation Fund's Strategic Results Framework must be included at the project design stage.

Project proponents shall fill out the table provided in the "Request for Project/Programme Funding" document to directly link, where relevant, project objectives and outcomes to the Fund level outcome and outputs. The AF Results Framework is attached as an Annex to this document.

**Example:** *The following table is an example of how a project's objectives and outcomes could align with the AF's outcome and output indicators*

<b>Project Objective(s)</b>	<b>Project Objective Indicator(s)</b>	<b>Fund Outcome</b>	<b>Fund Outcome Indicator</b>	<b>Grant Amount (USD)</b>
Strengthened ability of coastal communities to undertake concrete actions to adapt to climate change-driven hazards	Number of risk-exposed coastal communities protected through adaptation measures	Outcome 2: Strengthened institutional capacity to reduce risks associated with climate-induced socioeconomic & environmental losses	2.2 No. of people with reduced risk to extreme weather events	500,000
Strengthened ability of coastal communities to make informed decisions about climate change-driven hazards affecting their specific locations	Number of communities with improved climate-related planning and policy frameworks in place	Outcome 3: Strengthened awareness and ownership of adaptation and climate risk reduction processes at local level	3.1 Percentage of targeted population aware of predicted adverse impacts of climate change, and of appropriate responses	250,000
<b>Project Outcome(s)</b>	<b>Project Outcome Indicator(s)</b>	<b>Fund Output</b>	<b>Fund Output Indicator</b>	
Reduced exposure and increased adaptive capacity of coastal communities to flood-related risks and hazards	Number of communities covered by improved warning system and weather information	Output 2.2: Targeted population groups covered by adequate risk reduction systems	2.21. Percentage of population covered by adequate risk-reduction systems	
Improved awareness of adaptation and climate change-related hazards affecting coastal communities	Percentage of population involved in developing improved climate-related planning and policy frameworks	Output 3: Targeted population groups participating in adaptation and risk reduction awareness activities	3.1.1 No. and type of risk reduction actions or strategies introduced at local level	

**G. Include a detailed budget with budget notes, a budget on the Implementing Entity management fee use, and an explanation and a breakdown of the execution costs.**

The proposal should include a detailed budget with budget notes indicating the breakdown of costs at the activity level. In accordance with the Gender Policy of the Fund, the proposal should ensure that adequate resources are allocated in the project/programme budget for gender-responsive implementation. Examples of gender responsive budgets include provision for the involvement and capacity-building of women stakeholders as important actors in implementation.

**H. Include a disbursement schedule with time-bound milestones.**

The proposal should include a disbursement schedule that includes time-bound milestones relative to project inception and the annual reporting requirement.

**PART IV: ENDORSEMENT BY THE DESIGNATED GOVERNMENT AUTHORITY FOR ADAPTATION FUND AND CERTIFICATION BY THE IMPLEMENTING ENTITY**

**A. RECORD OF ENDORSEMENT BY DESIGNATED GOVERNMENT AUTHORITY.**

Provide the name, position, and government office of the designated government authority and indicate date of endorsement. If this is a regional project/programme, list the designated government authorities of all participating countries endorsing the project. The endorsement letter(s) should be attached as an annex to the project/programme proposal.

**B. IMPLEMENTING ENTITY CERTIFICATION.**

Provide the name and signature of the Implementing Entity Coordinator and the date of signature. Provide also the project/programme contact person's name, telephone number.

**ADAPTATION FUND**

**Letter of Endorsement by Government**

[Government Letter Head]

[Date of Endorsement Letter]

To: The Adaptation Fund Board  
c/o Adaptation Fund Board Secretariat  
Email: Secretariat@Adaptation-Fund.org  
Fax: 202 522 3240/5

Subject: Endorsement for [Title of Project/Programme]

In my capacity as designated authority for the Adaptation Fund in [country], I confirm that the above (select national or regional) project/programme proposal is in accordance with the government's (select national or regional) priorities in implementing adaptation activities to reduce adverse impacts of, and risks, posed by climate change in the (select country or region).

Accordingly, I am pleased to endorse the above project/programme proposal with support from the Adaptation Fund. If approved, the project/programme will be implemented by [implementing entity] and executed by [national or local executing entity].

Sincerely,

[Name of Designated Government Official]  
[Position/Title in Government]

### Adaptation Fund Project/Programme Review Criteria

The following review criteria for adaptation fund projects/programmes are applicable to both the small-size projects/programmes and regular projects/programmes under the single-approval process. For regular projects/programmes using the two-step approval process, only the first four criteria will be applied when reviewing the 1st step for regular project/programme concept. In addition, the information provided in the 1st step approval process with respect to the review criteria for the regular project/programme concept could be less detailed than the information in the request for approval template submitted at the 2nd step approval process. Furthermore, detailed information is required for regular projects/programmes for the 2nd step approval, in the approval template.

Review Criteria	
1. Country Eligibility	<ul style="list-style-type: none"> <li>• Is the country party to the Kyoto Protocol?</li> <li>• Is the country a developing country particularly vulnerable to the adverse effects of climate change?<sup>11</sup></li> </ul>
2. Project Eligibility	<ul style="list-style-type: none"> <li>• Has the government endorsed the project through its Designated Authority?<sup>12</sup></li> <li>• Does the project / programme support concrete adaptation actions to assist the country in addressing the adverse effects of climate change and build in climate change resilience?</li> <li>• Does the project / programme provide economic, social and environmental benefits, with particular reference to the most vulnerable communities, including gender considerations, while avoiding or mitigating negative impacts, in compliance with the Environmental and Social Policy and Gender Policy of the Fund?</li> <li>• Is the project / programme cost-effective?</li> <li>• Is the project / programme consistent with national sustainable development strategies, national development plans, poverty reduction strategies, national communications or adaptation programs of action, or other relevant instruments?</li> <li>• Does the project / programme meet the relevant national technical standards, where applicable, in compliance with the Environmental and Social Policy of the Fund?</li> <li>• Is there duplication of project with other funding sources?</li> <li>• Does the project / programme have a learning and knowledge management component to capture and feedback lessons?</li> <li>• Has a consultative process taken place, and has it involved all key stakeholders, and vulnerable groups, including gender considerations in compliance with the</li> </ul>

<sup>11</sup> Further reference to the eligibility of country can be found in the document: “*Strategic Priorities, Policies, and Guidelines of the Adaptation Fund*”

<sup>12</sup> The Designated Authority referred to in paragraph 20 of the OPG.

	<p>Environmental and Social Policy and Gender Policy of the Fund?</p> <ul style="list-style-type: none"> <li>• Has the project / programme provided justification for the funding requested on the basis of the full cost of adaptation?</li> <li>• Does the project / programme align with the AF results framework?</li> <li>• Has the sustainability of the project/programme outcomes been taken into account when designing the project?</li> <li>• Does the project / programme provide an overview of environmental and social impacts / risks identified, in compliance with the Environmental and Social Policy and Gender Policy of the Fund?</li> </ul>
<p>3. Resource Availability</p>	<ul style="list-style-type: none"> <li>• Is the requested project funding within the cap of the country?</li> <li>• Is the Implementing Entity management fee at or below 8.5 per cent of the total project/programme budget before the fee?</li> <li>• Are the project/programme execution costs at or below 9.5 per cent of the total project/programme budget before the fee?</li> </ul>
<p>4. Eligibility of Implementing Entity</p>	<ul style="list-style-type: none"> <li>• Is the project submitted through an eligible Implementing Entity that has been accredited by the Board?</li> </ul>
<p>5. Implementation Arrangements</p>	<ul style="list-style-type: none"> <li>• Is there adequate arrangement for project management, in compliance with the Gender Policy of the Fund?</li> <li>• Are there measures for financial and project risk management?</li> <li>• Are there measures in place the management of for environmental and social risks, in line with the Environmental and Social Policy and Gender Policy of the Fund?</li> <li>• Is a budget on the Implementing Entity Management Fee use included?</li> <li>• Is an explanation and a breakdown of the execution costs included?</li> <li>• Is a detailed budget including budget notes included?</li> <li>• Are arrangements for monitoring and evaluation clearly defined, including a budgeted M&amp;E plans and sex-disaggregated data, targets and indicators, in compliance with the ESP and the Gender Policy of the Fund?</li> <li>• Does the M&amp;E Framework include a break-down of how implementing entity IE fees will be utilized in the supervision of the M&amp;E function?</li> <li>• Does the project/programme's results framework align with the AF's results framework? Does it include at least one core outcome indicator from the Fund's results framework?</li> <li>• Is a disbursement schedule with time-bound milestones included?</li> </ul>

## Adaptation Fund Project Review Criteria for Readiness Grants

The following review criteria for adaptation fund projects are applicable to projects under the Readiness Programme. The review criteria are meant to enable a rapid and accurate technical assessment of proposed activities and requested budget for grants under the Readiness Programme. Five criteria will be applied to all readiness project proposals and technical assessments that are specific to only a particular grant during the review process are indicated. The information provided in the application templates is expected to be less detailed than the information provided in the request for approval templates for regular and small size concrete projects/programmes.

Review Criteria	
1. Country Eligibility	<ul style="list-style-type: none"> <li>Is the country Party to the Kyoto Protocol?</li> <li>Is the country that does not yet have an accredited NIE a Party to the Kyoto Protocol?<sup>S-S</sup></li> </ul>
4. Eligibility of Implementing Entity	<ul style="list-style-type: none"> <li>Is the project submitted through an Implementing Entity accredited by the Board?</li> <li>Is the project submitted through an accredited NIE eligible to provide South-South support?<sup>S-S</sup></li> </ul>
2. Project Eligibility	<ul style="list-style-type: none"> <li>Has the designated government authority for the Adaptation Fund endorsed the project?</li> <li>Has the designated government authority for the Adaptation Fund in the country seeking accreditation endorsed the project?<sup>S-S</sup></li> <li>Are the proposed activities to support NIE accreditation adequate?<sup>S-S</sup></li> <li>Are the proposed activities to support the implementing entity to implement the Environmental and Social Policy and/or the Gender Policy of the Fund adequate?<sup>TA-ESGP</sup></li> <li>Are the proposed activities within the scope of enabling the implementing entity to undertake special technical assessments to support formulation of a fully developed project proposal?<sup>PFA</sup></li> </ul>
3. Resource Availability	<ul style="list-style-type: none"> <li>Is the requested project funding within the cap set by the Board?</li> <li>If the implementing entity has requested, is the Implementing Entity Management Fee at or below 8.5 per cent of the total project/programme budget before the fee?</li> </ul>
5. Implementation Arrangements	<ul style="list-style-type: none"> <li>Is the timeframe for the proposed activities adequate?</li> <li>Is a summary breakdown of the budget for the proposed activities included?</li> </ul>

<sup>S-S</sup> Applies only to South-South Cooperation grants

<sup>TA-ESGP</sup> Applies only to Technical Assistance Grants for the Environmental and Social Policy and Gender Policy

<sup>PFA</sup> Applies only to Project formulation assistance Grants
