

Updated Policies of the Adaptation Fund – KM Strategy & Action Plan

Daouda Ndiaye- Adaptation Fund Board secretariat

Adaptation Fund - Climate Finance Readiness Seminar for NIEs #3 Washington DC, 13-15 July 2016

Objectives of the AF KM Strategy

- To help enhance recipient countries' knowledge to reduce vulnerability and increase adaptive capacity, especially of the most vulnerable communities.
 - To **improve the design and effectiveness of adaptation projects and programs** by creating mechanisms that enable the Fund to extract, analyze, learn and share lessons from the projects and programs it finances.
- To share Fund's own data, information and knowledge to reduce vulnerability and increase adaptive capacity of the countries, ultimately contributing to position climate change adaptation as a global priority.

Adaptation Fund's KM Framework

Capture and Transfer Knowledge related to Accreditation, Direct Access and the monetization of Certified Emissions Reduction Fostering Broader Knowledge Sharing with countries and all climate change stakeholders including CSOs, Governments, other Funds, Research institutions

Knowledge Management Framework

Equipping the Fund with a more supportive knowledge-sharing and learning infrastructure and system Promoting a supportive knowledge sharing and learning culture within the Fund

The Role of Implementing Entities

- Compiling data and generating lessons learned from the projects during the implementation phase.
- Sharing this information with the relevant stakeholders:
 - AF Secretariat that would make available a central repository and hub Global
 - The **projects beneficiaries** and other local stakeholders that may benefit from this information Local
 - At project completion, hand over the project knowledge products to successors/partners to ensure long term impact.
 - **Participating** in any Fund driven Knowledge Capture sessions, Workshops and other activities.
