*Adaptation Fund Project
Accelerating Effective Adaptation Action, Innovation & Multi-
Level Global Learning*

SB48-Side Event

Project Overview

ADAPTATION FUND (AF) (2017 – 2021) (4 Years)

AF Project provides:

- An integrated approach to physical adaptation and community resilience in Antigua and Barbuda's northwest McKinnon's watershed
- Access to climate finance under direct Access modality for Adaptation

Project Objectives (*Actions*)

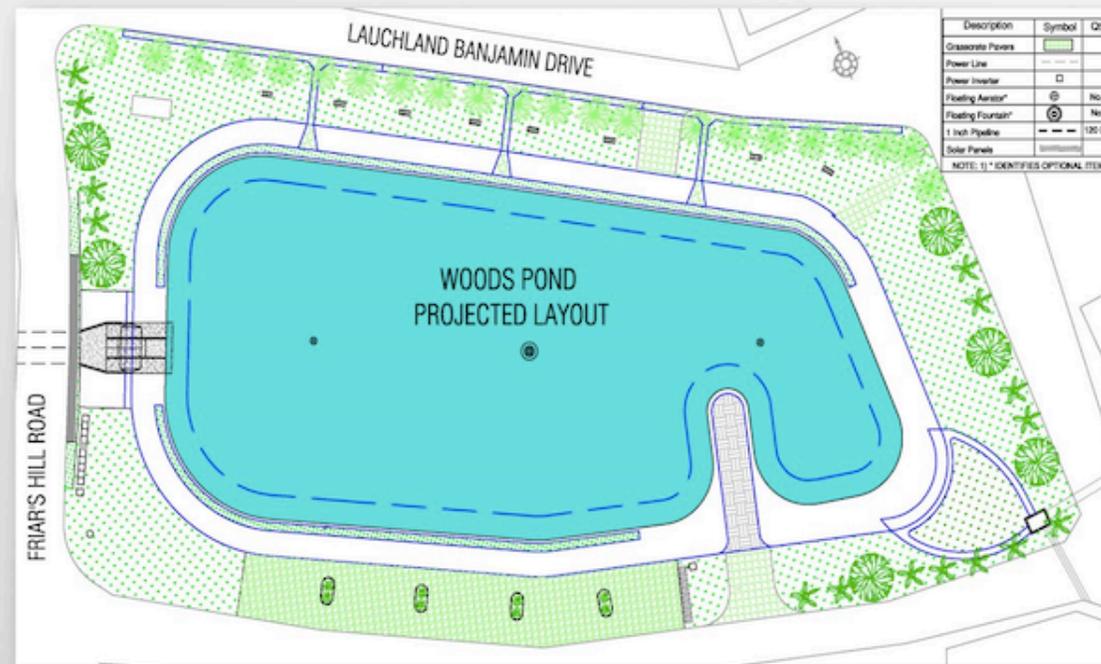

Seeks to reduce vulnerability of the community;

- by increasing the ability of the watershed to handle extreme rainfall

DEVELOPMENT OF CLIMATE RESILIENT FLOOD MITIGATION IN MC KINNON'S SUB-WATERSHED - UPGRADE TO WOODS POND

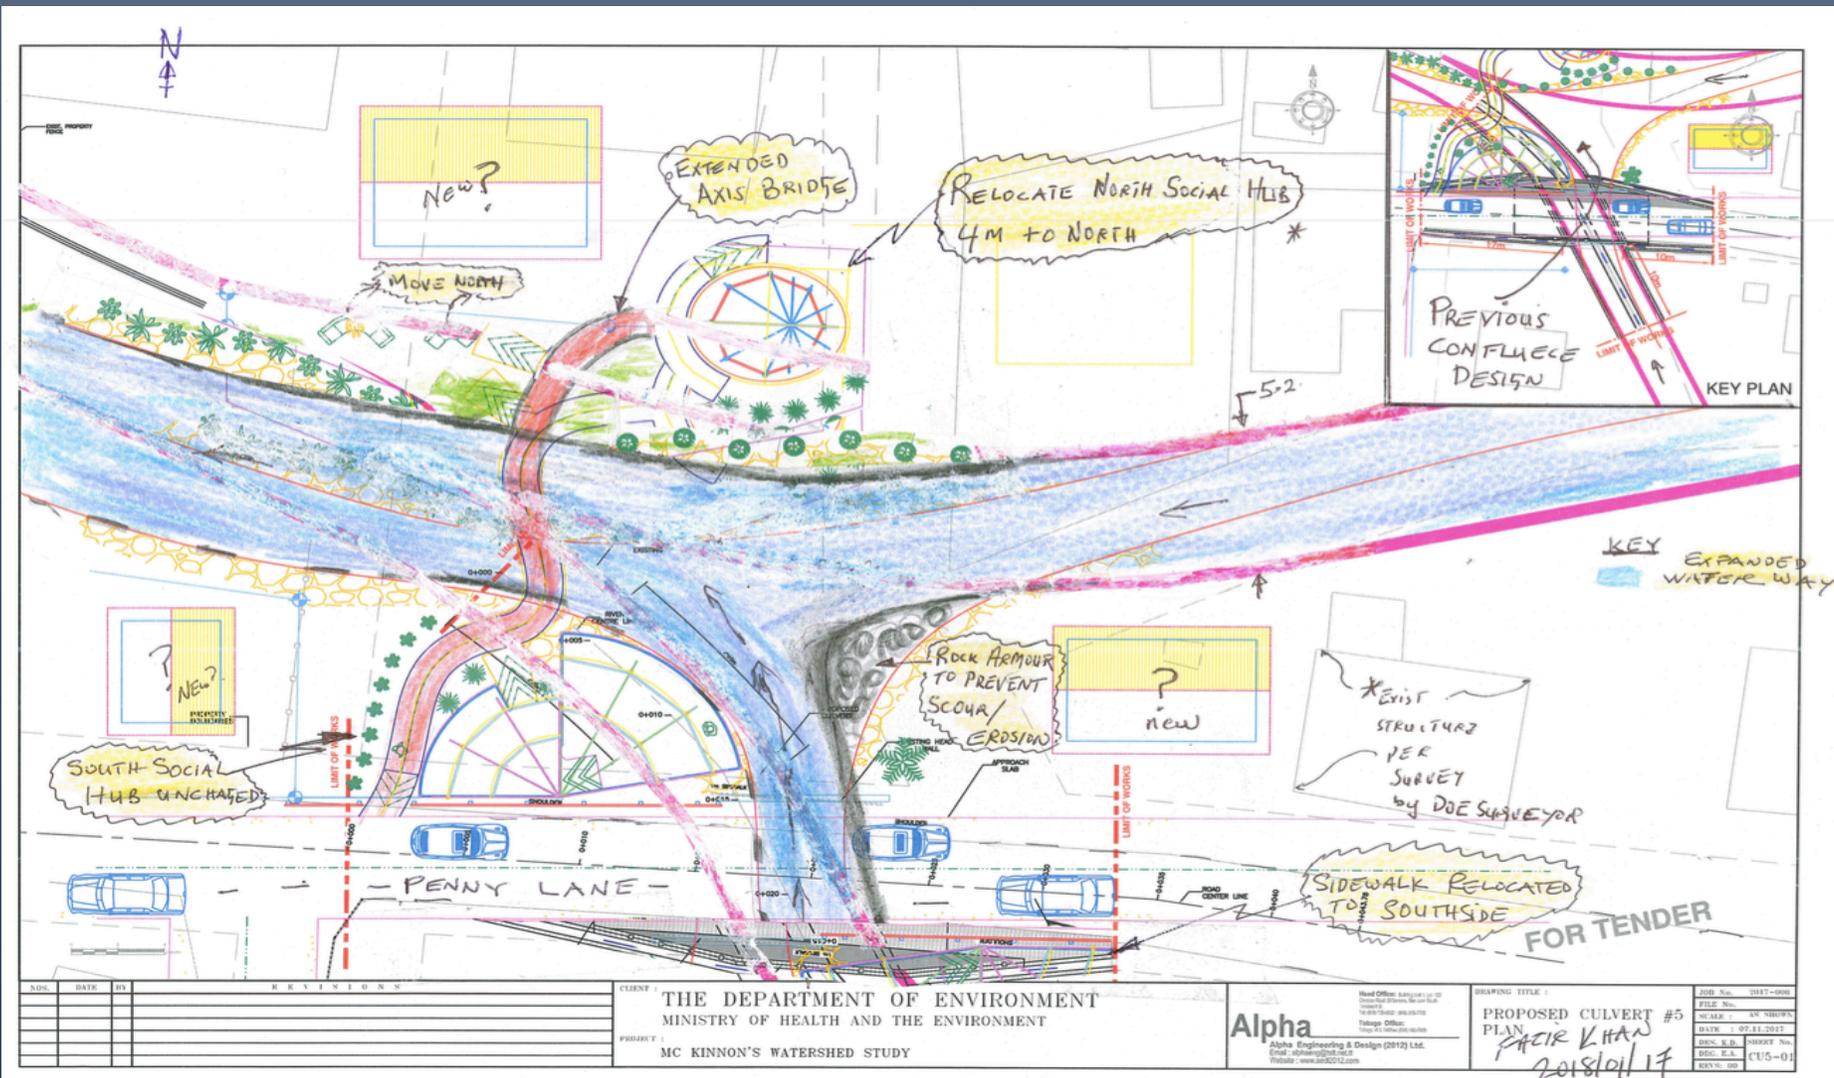

BEFORE

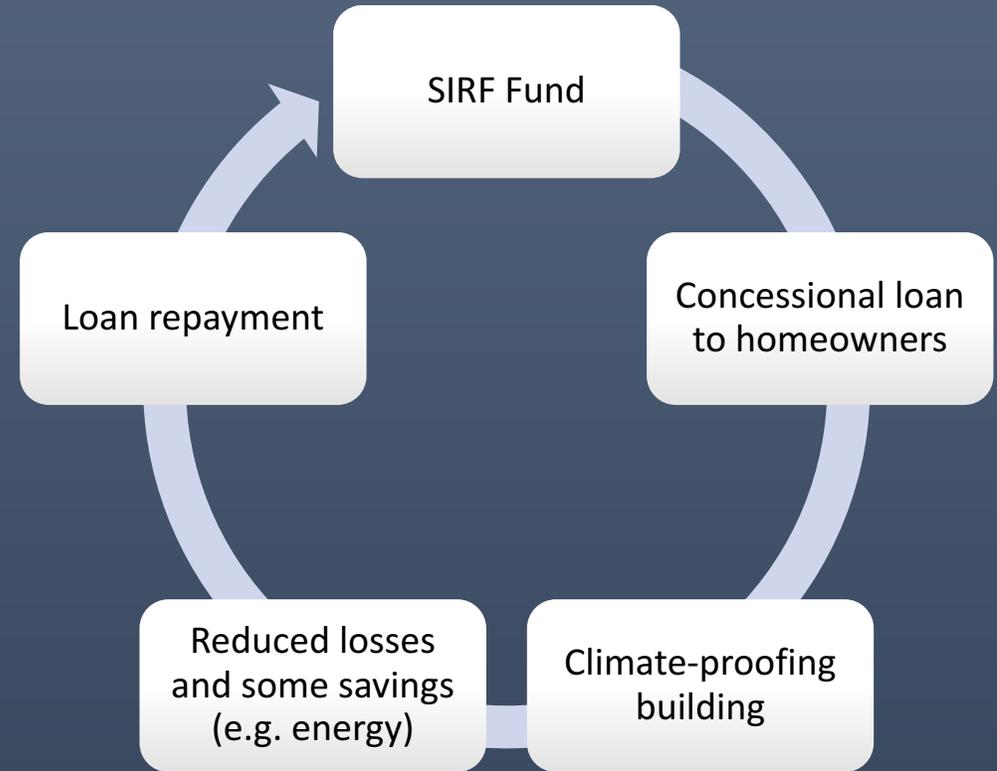

AFTER

Engineering Designs w/ Community Inputs

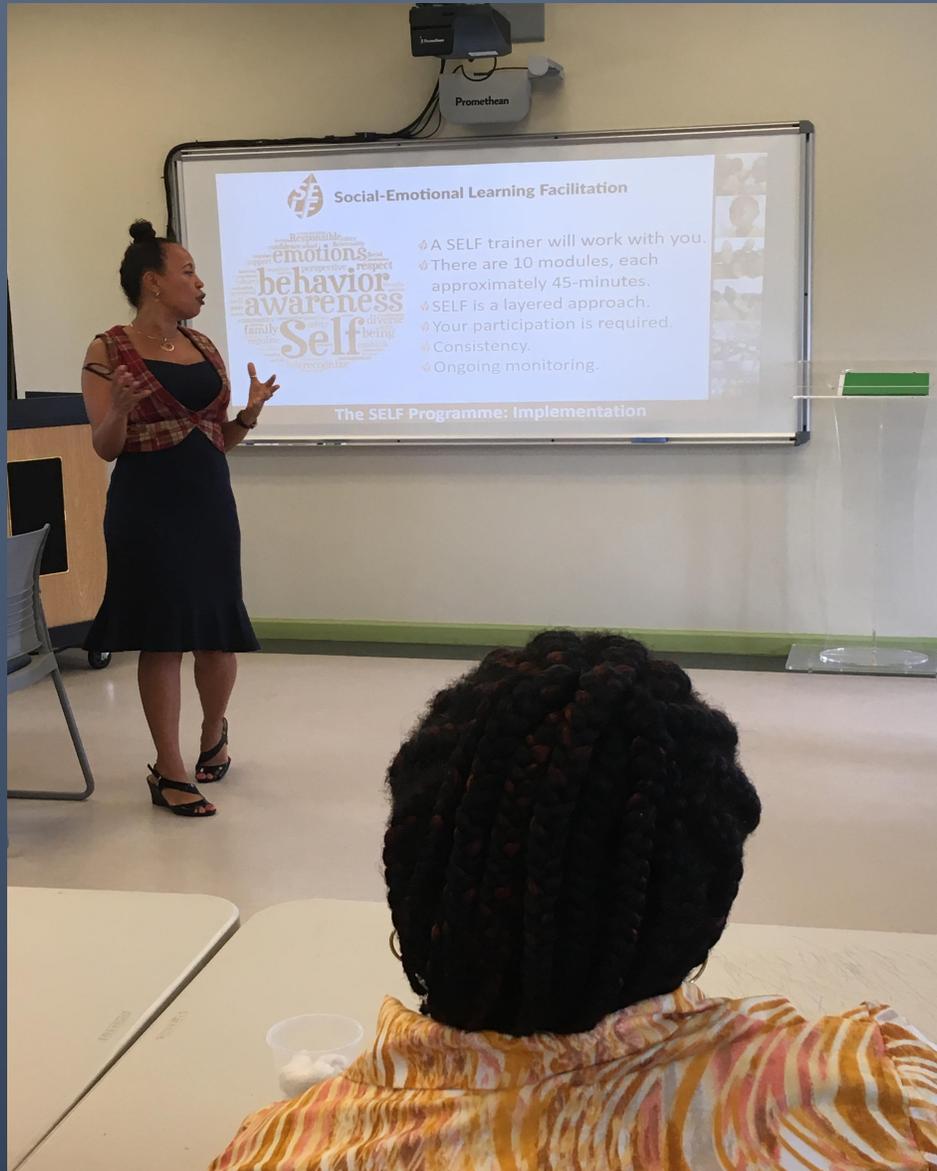

Project Objective (*Innovation*)

- increasing the resilience of the built environment simultaneously to cope with the multiple stressors of climate change.

Project Objective (*Learning*)

Emotional intelligence for resilient and empowered communities

Training on how to access the Complaints Mechanism

Mid-term evaluation in 2019

Thank You!
