Adaptation Fund Board

Proposal for Madagascar, Malawi, Mozambique and the Union of Comoros (UN-Habitat)

Madagascar, Malawi, Mozambique, Union of Comoros: Building urban climate resilience in South-eastern Africa (Fully-developed project document; United Nations Human Settlements Programme (UN-Habitat); AFR/MIE/DRR/2016/1; US \$13,997,423)

Having considered the intersessional technical review of the fully-developed regional project document carried out by the secretariat and the Project and Programme Review Committee (PPRC), and the recommendation of the PPRC, the Adaptation Fund Board decides to:

- (a) Not approve the fully-developed project;
- (b) To request the secretariat to transmit to the United Nations Human Settlements Programme (UN-Habitat) the observations in the review sheet annexed to the notification of the Board's decision, as well as the following recommendations for the fully-developed proposal concept stage:
 - (i) Marginalized and vulnerable groups need to be adequately identified and described, few specifics are provided, and quantitative information is absent;
 - (ii) Changes to project activities are subject to the established process with the AF Secretariat, as should be unambiguous in the project document;
 - (iii) All ESP risks should be identified comprehensively prior to project submission, and management measures identified; and
 - (iv) The information among the main document and annexes need to be consistent; and
- (c) To encourage the Governments of Madagascar, Malawi, Mozambique and the Union of Comoros through UN-Habitat, a project concept that addresses the observations under subparagraph (b) above.

Decision B.31-32/19
