

ADAPTATION FUND

# Innovation

NIE Readiness Seminar

August 30, 2018, Washington, D.C.

# Questions for Discussion

How to support innovation for adaptation:

- What should be the most important considerations from your perspective in funding innovation through small grants (up to \$250,000)?
- What kind of support for innovation, technology development and transfer, innovative practices, and other is needed by developing countries?
- What do NIEs need to access the available support or resources for innovation?
