

ADAPTATION FUND

AFB/PPRC.23-24/4
19 November 2018

Adaptation Fund Board
Project and Programme Review Committee

**TECHNICAL ASSISTANCE GRANT PROPOSAL (ENVIRONMENTAL
AND SOCIAL POLICY AND GENDER POLICY) FOR ARMENIA**

Background

1. At its twenty-second meeting, the Adaptation Fund Board Secretariat (the secretariat) had prepared document AFB/B.22/6 which outlined the possible elements and options for a phased programme to support readiness for direct access to climate finance for National and Regional Implementing Entities and presented a framework and budget for a first phase of the Programme. Following a discussion of the document, the Board decided to:

(a) *Approve Phase I of the Readiness Programme as detailed in document AFB/B.22/6, on the basis that it would follow performance-based funding principles;*

(b) *Take note of the options provided by the secretariat on a programme to support readiness for direct access to climate finance for national and regional implementing entities;*

(c) *Request the secretariat to submit to the Board intersessionally between the twenty-second and twenty-third meetings, execution arrangements, criteria/eligibility criteria to allocate the funds to the accredited implementing entities for specific activities, as well as a timeline of activities, with a view to start implementing the programme before the twenty-third Board meeting; and*

(d) *Approve an increase in the Administrative Budget of the Board, secretariat and trustee for FY2014 of US\$ 467,000 for the programme described in AFB/B.22/6, and authorize the trustee to transfer such amount to the secretariat and request the trustee to set aside the balance amount of US\$ 503,000 from the Adaptation Fund Trust Fund resources for subsequent commitment and transfer at the instruction of the Board.*

(Decision B.22/24)

2. At the tenth session of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP 10), the Parties recognized the Readiness Programme of the Adaptation Fund and decided to:

Invite further support for the readiness programme of the Adaptation Fund Board for direct access to climate finance in accordance with decision 2/CMP.10, paragraph 5;

Decision 1/CMP.10

and also decided to:

Request the Adaptation Fund Board to consider, under its readiness programme, the following options for enhancing the access modalities of the Adaptation Fund:

(a) *Targeted institutional strengthening strategies to assist developing countries, in particular the least developed countries, to accredit more national or regional implementing entities to the Adaptation Fund;*

(b) *Ensuring that accredited national implementing entities have increased and facilitated access to the Adaptation Fund, including for small-sized projects and programmes;*

Decision 2/CMP.10

3. Upon completion of Phase I of the Readiness Programme, the secretariat had prepared document AFB/B.25/5 which outlined the progress made in Phase I and proposed Phase II of the Readiness Programme, taking into account the results from Phase I of the programme and integrating decision 2/CMP10. Following a discussion of the document, the Board decided to:

Approve Phase II of the Readiness Programme, as outlined in document AFB/B.25/5, with a total funding of US\$ 965,000, including funding of US\$ 565,000 to be transferred to the secretariat's budget and funding of US\$ 400,000 to be set aside for small grants to National Implementing Entities from resources of the Adaptation Fund trust fund.

(Decision B.25/27)

4. At its twenty-seventh meeting, the Board decided to integrate the Readiness Programme into the Adaptation Fund (the Fund) work plan and budget and set aside funding for small grants to be directly transferred from the resources of the Adaptation Fund Trust Fund. At this meeting, the Board decided to:

a) Take note of the progress report for phase II of the Readiness Programme;

b) Integrate the Readiness Programme into the Adaptation Fund work plan and budget; and

c) Approve the proposal for the Readiness Programme for the fiscal year 2017 (FY17), comprising its work programme for FY17 with the funding of US\$ 616,500 to be transferred to the secretariat budget and US\$ 590,000 for direct transfers from the resources of the Adaptation Fund Trust Fund for allocation as small grants.

(Decision B.27/38)

5. At its twenty-third meeting, the Board had decided through decision B.23/26 to approve "the execution arrangements, criteria/eligibility criteria to allocate the funds to the accredited implementing entities for specific activities", contained in document AFB/B.23/5, which included grants for technical assistance and South-South (S-S) cooperation. Annex I to document AFB/B.23/5 presented an application form through which implementing entities could submit proposals for technical assistance grants.

6. Based on the Board Decision B.23/26, the first call for readiness project proposals was issued in May 2014 and eligible entities were given the opportunity to submit applications for a readiness grant.

7. It is worth noting that at its twenty-seventh meeting, the Board approved the Gender Policy (GP) of the Fund and consequently, the application template for technical assistance grants was revised to align with requirements of both the Fund's Environmental and Social Policy (ESP) and the GP.

8. According to Board Decision B.28/30, a readiness project proposal can be submitted for consideration by the Project and Programme Review Committee (PPRC) and decision by the Board at the regular meetings of the Board and can also be submitted for review during an intersessional period of less than 24 weeks between two consecutive Board meetings.

9. Following Decision B.31/28 by the Board to approve the secretariat work schedule and work plan for fiscal year 2019 as contained in document AFB/EFC.22/7, the secretariat launched a call for project proposals intersessionally between the thirty-first and thirty-second Board meetings and eligible accredited national implementing entities (NIEs) were given the opportunity to submit applications for a Technical Assistance Grant for the Environmental and Social Policy and Gender Policy (TA-ESGP).

10. All accredited NIEs that had not previously received a technical assistance grant were eligible to receive a TA-ESGP based on the relevance of the capacity and needs assessment as outlined in document AFB/B.23/5, and up to a maximum of US\$ 25,000 per NIE as outlined in document AFB/B.27/7. The NIEs would be expected to build capacity on environmental and social safeguards and gender related issues simultaneously and had to submit satisfactory grant proposals that met all the following criteria as at the time of the 23-24 intersessional review cycle:

- Have been accredited by the Board,
- Have submitted a request document/grant proposal to the secretariat within the given deadline and with a clear description of the areas of support needed and budget for the requested support.

11. It is expected that the technical assistance grants will enable NIEs to source external expertise through short-term consultancies for more targeted technical assistance where such a need is identified to improve their capacity for assessment and management of environmental, social and gender related issues and subsequent compliance with the Fund's ESP and GP. This may include developing or strengthening a particular function relevant to the environmental and social, and gender policies such as an integrated environmental and social management system that addresses gender issues, a risk management system that is gender responsive, or familiarization with the principles of the ESP and/or GP.

12. The following readiness project proposal was submitted by an accredited NIE eligible to receive the TA-ESGP, i.e. the Environmental Project Implementation Unit (EPIU).

13. The present document introduces the TA-ESGP project proposal submitted by the EPIU. It includes a request for funding of US\$ 19,500 outlining the activities to be undertaken by the EPIU to build its capacity for assessment and management of environmental, social and gender related issues and compliance with the Fund's ESP and GP.

14. The secretariat carried out a technical review of the project proposal and completed a review sheet. The review did not identify any clarification requests (CRs) or corrective actions for the proposal.

15. The secretariat is submitting to the PPRC the summary and, pursuant to decision B.17/15, the final technical review of the project, both prepared by the secretariat, along with the final submission of the proposal in the following section.

Project Summary

Project – Application for a grant to Project to source technical assistance for assessment and management of environmental, social and gender related issues and for compliance with the Fund’s Environmental and Social Policy and Gender Policy in Armenia

Implementing Entity: The Environmental Project Implementation Unit (EPIU).

Project Execution Cost: 0

Total Project Cost: USD 19,500

Implementing Fee: USD 0

Financing Requested: USD 19,500

Project Background:

The Environmental Project Implementation Unit (EPIU) proposes to commission the services of a consultant firm to develop environmental, social and gender risk screening and assessment guidelines and integrate them into the existing operational manual, including updating public disclosure policies and developing a grievance handling mechanism and providing training for staff.

ADAPTATION FUND

ADAPTATION FUND BOARD SECRETARIAT TECHNICAL REVIEW OF PROJECT PROPOSAL UNDER THE READINESS PROGRAMME

PROJECT CATEGORY: Technical Assistance Grant for the ESP and GP

Country: **Armenia**Implementing Entity: **Environmental Project Implementation Unit (EPIU)**Requested Financing from Adaptation Fund (US Dollars): **19,500**Reviewer and contact person: **Mourad Shalaby**Co-reviewer(s): **Farayi Madziwa**Implementing Entity Contact Person: **Edik Voskanyan**

Review Criteria	Questions	Comments 5 November 2018
Country Eligibility	1. Is the country Party to the Kyoto Protocol?	Yes
Eligibility of IE	1. Is the project submitted through an Implementing Entity accredited by the Board?	Yes
Project Eligibility	1. Has the designated government authority for the Adaptation Fund endorsed the project?	Yes
	2. Are the proposed activities to support the implementing entity to implement the Environmental and Social Policy and/or the Gender Policy of the Fund adequate?	Yes, EPIU intends to develop environmental, social and gender risk screening and assessment guidelines and integrate them into the existing operational manual, including updating public disclosure policies and developing a grievance handling mechanism.
Resource Availability	1. Is the requested project funding within the cap for Technical Assistance Grants for the Environmental and Social Policy and Gender Policy set by the Board?	Yes

	2. If the implementing entity has requested, is the Implementing Entity Management Fee at or below 8.5 per cent of the total project/programme budget before the fee?	Not applicable. No implementing entity fee was requested.
Implementation Arrangements	1. Is the timeframe for the proposed activities adequate?	Yes, the proposed timeframe is six months.
	2. Is a summary breakdown of the budget for the proposed activities included?	Yes.
Secretariat's Overall Comment	<p>The Environmental Project Implementation Unit (EPIU) proposes to commission the services of a consultant firm to develop environmental, social and gender risk screening and assessment guidelines and integrate them into the existing operational manual, including updating public disclosure policies and developing a grievance handling mechanism and providing training for staff.</p> <p>The secretariat did not identify any clarification requests (CRs) or corrective actions for the proposal.</p>
