

CPDAE: Community of Practice of Direct Access Entities

Antigua August 08th, 2019

**Communities
of Practice**
help support us

and give us confidence
and motivation

**Communities
of Practice**
help us learn and
grow our skills

and get better at
what we do, together

**Communities
of Practice**
help us share our
knowledge

and join up related work

**Communities
of Practice**
help us scale our
ways of working

and share common
approaches across teams

**Communities
of Practice**
help us collaborate

and create better
practices for everyone

What is the purpose of the CPDAE?

- The purpose of the CPDAE is **to provide an avenue** for knowledge exchange, learning and experience sharing, collaboration and peer support within the community of **National Implementing Entities (NIE's) and Direct Access Entities (DAE's)** involved in the programming of climate change adaptation and mitigation finance, so as **to increase the effectiveness of entities** in accessing resources and implementing adaptation and mitigation projects and programs through direct access.

What are the objectives of the CPDAE?

South-South

Cooperation

Benefits on being part of CPDAE

- Continue to learn and develop professionally;
- Access expertise from peers;
- Increase communication with peers;
- Increase productivity and quality of work;
- Network to keep up to date with current trends, technology, innovations and best practice in adaptation and mitigation projects/programs;
- Develop a sense of professional identity;
- Enhance professional reputation.
