Welcome to the E-Learning Course on Direct Access: Unlocking Adaptation Funding!

This E-course provides an overview of the Adaptation Fund (the Fund) accreditation process and the Environmental, Social and Gender considerations in project design and implementation. It is a joint production by the Adaptation Fund Secretariat's Knowledge & Learning Team and the Open Learning Campus (OLC) of the World Bank Group and is hosted by the OLC.

By completing the course, you will gain knowledge of the Fund's requirements for accreditation. You will also understand the Fund's Environmental, Social and Gender requirements for project formulation and implementation intended to help recipients design and implement sustainable projects.

The E-course is organized in 2 modules, each with case studies and short quizzes on what you have learned. Each module requires approximately 3 hours each to complete in one sitting; but you can also take the course at your own pace. You will receive a certificate upon completion.

We hope that you will enjoy and benefit from the E-course and we look forward to your feedback.

For any questions, please contact [Cristina Dengel](#), AF Knowledge Management Officer.
