Adaptation Fund Board

Proposal for Tanzania

United Republic of Tanzania (2): Strategic Water Harvesting Technologies for Enhancing Resilience to Climate Change in Rural Communities in Semi-Arid Areas of Tanzania (SWAHAT) (Fully-developed project; National Environment Management Council (NEMC) TZA/NIE/Water/2019/1; US\$1,280,000).

Having considered the recommendation of the Project and Programme Review Committee, the Adaptation Fund Board (the Board) decides to:

- a) Approve the fully-developed project document, as supplemented by the clarification responses provided by the National Environment Management Council (NEMC) to the request made by the technical review;
- b) Approve the funding of US\$ 1,280,000 for the implementation of the project, as requested by NEMC; and
- c) Request the secretariat to draft an agreement with NEMC as the national implementing entity for the project. The agreement should include a commitment from NEMC that, prior to first disbursement, NEMC will submit more information on the communications approaches, activities, and tools mentioned in the gender- responsive approach, as outlined in the technical review.

Decision B.35.a-35.b/52
