Adaptation Fund Board

Proposal for Jordan, Lebanon

Jordan, Lebanon: Increasing the Resilience of both Displaced Persons and Host Communities to Climate Change-Related Water Challenges in Jordan and Lebanon; (Fully-developed project; United Nations Human Settlements Programme (UN-Habitat); ASI/MIE/Urban/2018/PPC/1; US\$ 13,973,509).

Having considered the recommendation of the Project and Programme Review Committee, the Adaptation Fund Board (the Board) decides to:

- a) Note the recommendation that the Adaptation Fund Board:
 - (i) Approve the fully-developed project document, as supplemented by the clarification responses provided by the United Nations Human Settlements Programme (UN-Habitat) to the request made by the technical review;
 - (ii) Approve the funding of US\$ 13,973,509 for the implementation of the project, as requested by UN-Habitat; and
 - (iii) Request the secretariat to draft an agreement with UN-Habitat as the multilateral implementing entity for the project. The agreement should include a commitment from UN-Habitat that, prior to first disbursement, UN-Habitat will submit a detailed methodology of the risk analyses and the data that needs to be collected in order to effectively inform management of water scarcity and flood risks at the municipal level.
- b) Place the project on the waitlist pursuant to Decisions B.17/19, B.19/5, B.28/1 and B.33/11, with the understanding that funding, once available, can only be approved if UN-Habitat has the status of “accredited” with the Fund, as defined in document AFB/B.34/5.

Decision B.35.a-35.b/64
