# Chile's Reaccreditation Case

## Challenges of Re-accréditation Process

- Language Barriers
- Keeping institutional knowledge after change of team and government
- Explaining relevance of undergoing the whole process to new National Authorities
- Working on Gender and Socio-environmental Safeguards
- “Translating” some requirements to national legal system

## Advantages of AF tools

- Easy Online Application form
- Fast Communication with AF experts to solve doubts
- Self paced and adaptive System.

## Positive Impact for NIE

- Training in International Meetings and Familiarization with a process that is similar for other Organizations (GCF, CTCN).
- International Support Network (CPDAE)
