8. Medium-term Strategy of the Fund beyond 2022

Document: AFB/B.37/11, *Options for a process for developing the Medium-term Strategy of the Fund beyond 2022*

Background: The Adaptation Fund's current, first Medium-term Strategy (2018 – 2022) (MTS) was developed following Decisions B.27/39 and B.28/46. The MTS Implementation Plan (IP), approved in Decision B.31/32, states that a “mid-term evaluation is planned to be useful in informing the possible subsequent Medium-term Strategy (which could span years 2023-2027)” and that such evaluations would be carried out by the Evaluation Function of the Fund. The addendum of the IP suggests that the development of such a MTS 2023-2027 would be launched in 2021 and finalized in 2022. The AF-TERG has presented a Mid-term Review of the MTS in document AFB/EFC.28/7, including recommendations for the next MTS. Taking into account the recommendations, the document presents a possible process for developing the MTS of the Fund beyond 2022.

Action expected: The Board will be invited to consider the information presented in Document AFB/B.37/11 and to approve a process for developing the Medium-term Strategy of the Fund beyond 2022.

9. Draft resource mobilization strategy -for the period 2021- 2024

Document: AFB/B.37/4, *Draft resource mobilization strategy 2021- 2024*

Background: The Secretariat will present the draft resource mobilization strategy for the period 2021-2024. The report contains information on draft resource mobilization strategy for the period 2021– 2024 to develop in a second phase the associated draft resource mobilization action plan. The strategy lays out the current financial situation of the Fund, provides an overarching strengths, weaknesses, opportunities and threats (SWOT) analysis of the Fund's ability to mobilize resources, and builds on the SWOT analysis to define a framework for raising resources. Based on the defined framework an overarching resource mobilization strategy has been developed to guide the Adaptation Fund in its fund raising efforts and to support a Board decision in setting resource mobilization targets for the 2021-2024 timeframe.

Action expected: The Board will be invited to consider Document AFB/B.37/4 and decide on the direction of the overall resource mobilization strategy for the Fund.

10. Objectives and indicators for innovation aspects of projects

Document: AFB/B.37/6, *Large grants for innovation (Specific objectives and indicators for the innovation aspects of the projects)*

Background: At the thirty-sixth meeting, the Board decided to request the secretariat to consider the need to develop specific objectives and indicators for the innovation aspects of the projects, beyond what is included in the regular project performance reporting process and make relevant recommendations to the Board at its thirty-seventh meeting. (Decision B.35.b/8)

Action expected: The Board will be invited to consider Document AFB/B.37/6 and approve the specific objectives and indicators for the innovation aspects of the projects.

11. Amendment of Operational Policies and Guidelines

Document: AFB/B.37/5, Amendment of the Fund's Operational Policies and Guidelines

Background: At the thirty-sixth meeting, the Adaptation Fund Board (the Board) considered the matter of *provision of financial resources between single-country and regional country projects and programmes (country cap)* (Document AFB/B.36/5) and decided to enable the accreditation of up to two *National Implementing Entities (NIEs) per country for eligible developing-country Parties, and to request the secretariat to reflect that change in the Operational Policies and Guidelines (OPG) and to submit the revised OPG for consideration by the Board at its thirty-seventh meeting* (Decision B.36/42). Accordingly, the secretariat prepared a draft amendment of the Operational Policies and Guidelines of the Adaptation Fund (OPG) and will present it to the Board for consideration and approval at the thirty-seventh meeting.

12. Issues remaining from the earlier meetings:

a) Strategic discussion on objectives and further steps of the Fund. Potential linkages between the Fund and the Green Climate Fund

Document: AFB/B.37/7, *Update on strategic discussion on objectives and further steps of the Fund: potential linkages between the Fund and the Green Climate Fund.*

Background: The Board and secretariat has continued discussions with the Green Climate Fund (GCF) to advance the collaborative activities and explore the options for fund-to-fund arrangements in line with decision B.32/41. The discussions have been taking place at two levels: through dialogue between the AFB Chair and Vice-Chair with the Co-chairs of the GCF Board both exclusively and in the context of the annual dialogue among a

larger group of climate funds, and through ongoing discussions between the secretariats of the Fund and the GCF on concrete activities. At the thirty-fourth meeting, document AFB/B.34/8 was introduced, allowing the secretariat to present updates on its ongoing discussions with the GCF to advance the collaborative activities and explore options for fund-to-fund arrangements as described in document GCF/B.22/09 and its Annex 1 and in line with decision B.32/41. After considering the secretariat's ongoing efforts to enhance complementarity between the GCF and the Adaptation Fund, the Board decided (Decision B.34/47) to continue the discussions on two levels to consideration of the four options for fund-to-fund arrangements, as described in document GCF/B.22/09 and its Annex 1, from the perspective of whether they are comprehensive of all potentially feasible options of operation linkages between the GCF and the Adaptation Fund. The Chair and the secretariat will present the progress made in these activities contained in document AFB/B.36/6.

Action expected: The Board will be invited to take note of the information presented and decide on a course of action regarding the matter.

b) Options to further enhance civil society participation and engagement in the work of the Board

Document: AFB/B.37/8, *Options to further enhance civil society participation and engagement in the work of the Board.*

Background: At the thirty-third meeting of the Board, it was generally agreed that it would be important to enhance the participation of civil society in the work of the Board, but it was also asked how large that participation should be and how the representatives of civil society would be chosen. As per Board decision B.33/54, the secretariat explored, in consultation with civil society participation and engagement in the work of the Board and presented document AFB/B.34/11 to the Board for consideration. The Board, at its thirty-fourth meeting, decided to provide the secretariat with comments on the options provided in the document during the intersessional period between its thirty-fourth and thirty-fifth meetings. The secretariat conducted the survey on the matter among the Board members and alternates and compiled the survey results and comments received from them. Due to the time constraints imposed by the virtual meeting format in 2020, this agenda item was not taken up by the Board at the first and second sessions of the thirty-fifth meeting. At the thirty-sixth meeting of the Board, the secretariat presented document AFB/B.36/8 which compiled the survey results and input received from the Board, and the Board decided to request the secretariat to conduct the second round of the Board survey with the updated questions due to its low participation rate in the first round of the survey. The secretariat will present the result of the Board survey and a study on the need for a policy for civil society engagement for the Adaptation Fund.

Action expected: The Board will be invited to consider the information presented by the secretariat and decide on a course of action regarding the matter.

c) Options to address the issue of an absence of a quorum

Document: AFB/B.37/9, Options to address the issue of an absence of a quorum.

Background: As per Board decision B.33/55, the secretariat explored options to address the issue of an absence of a quorum, including other climate funds' relevant practices, and will present a document which contains an analysis of the explored options to the Board.

Action expected: The Board will be invited to consider the information presented by the secretariat and decide on a course of action regarding the matter.

13. Knowledge management, communications and outreach

Document: AFB/B.37/3, Report on the activities of the secretariat.

Background: The secretariat will report on its knowledge management activities and communication efforts since the thirty-sixth meeting of the Board.

Document: [Code of Conduct](#) and [Zero Tolerance Policy for the Board](#) (Adopted in October 2014)

Background: At its nineteenth meeting, the EFC underscored that all Board members and alternates should be aware of the code of conduct, the zero tolerance policy for fraud and corruption, and the procedure for reporting such issues to the EFC. Having considered the comments and recommendation of the EFC, the Board decided to address the item relating to the code of conduct as the last substantive item on its agenda at every Board meeting (Decision B.28/41).

Action expected: Board members and alternates can raise any issues related to the implementation of the code of conduct for deliberation by the Board.
