MANAGEMENT'S ASSERTION REGARDING EFFECTIVENESS OF INTERNAL CONTROL OVER FINANCIAL REPORTING OF THE MODIFIED CASH BASIS TRUST FUNDS

The International Bank for Reconstruction and Development ("IBRD"), the International Development Association ("IDA"), the International Finance Corporation ("IFC"), and the Multilateral Investment Guarantee Agency ("MIGA") (collectively referred to herein as "the Bank"), as administrators for the modified cash basis trust funds, are responsible for establishing and maintaining effective internal control and procedures over financial reporting for trust fund activities which are designed to provide reasonable assurance to the Bank's Management and Board of Directors regarding the preparation of reliable trust fund financial reports prepared on the cash receipts and disbursements basis of accounting modified to record the share in pooled cash and investments at fair value ("modified cash basis of accounting").

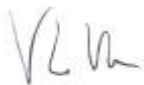

Assertions as of June 30, 2011 made by Management in this document pertain to the specific control objectives relevant to the effectiveness of internal control over financial reporting of trust fund activities using the modified cash basis of accounting (the "modified cash basis trust funds"). The specific management assertions are set forth below:

1. Contributions from donors are recorded in the appropriate trust fund on a timely basis.
2. Assets underlying funds held in trust are segregated from funds of the Bank and are in the form of cash and investments managed by the Bank.
3. Transactions recorded in the underlying financial records and the financial reporting of each trust fund are accurate and complete.
4. Investment income is earned and credited to the appropriate Trust Fund in accordance with the terms and provisions of the respective Trust Fund agreements.
5. Disbursements follow relevant Bank policies and procedures.
6. Fees for administering each Trust Fund are charged in accordance with the terms and provisions of the trust fund agreements.
7. Financial reporting is in compliance with the requirements set forth in the legal agreements entered into with the donors.

**MANAGEMENT'S ASSERTION REGARDING EFFECTIVENESS OF INTERNAL CONTROL
OVER FINANCIAL REPORTING OF THE MODIFIED CASH BASIS TRUST FUNDS
(Continued)**

The Bank's internal control and procedures over financial reporting of the modified cash basis trust funds contain self-monitoring mechanisms, and actions are taken to correct deficiencies as and when identified. Even an effective internal control system, no matter how well designed, has inherent limitations, including the possibility of human error and the circumvention or overriding of controls, and therefore can provide only reasonable assurance with respect to financial report preparation. Such human error, circumvention, or overriding of controls may, among other things, result in ineligible expenditures charged to a trust fund that systems of internal control cannot always detect at the time of recording. Management does not perceive this to be indicative of an overall ineffective system of internal control.

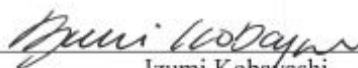

The Bank assessed its internal control over financial reporting of the modified cash basis trust funds as a whole as of June 30, 2011. This assessment was based on criteria established in *Internal Control – Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this assessment, the Bank has maintained effective internal control over financial reporting for the modified cash basis trust funds as of June 30, 2011.

INDEPENDENT AUDITORS' REPORT ON MANAGEMENT'S ASSERTION REGARDING EFFECTIVENESS OF INTERNAL CONTROL OVER FINANCIAL REPORTING OF THE MODIFIED CASH BASIS TRUST FUNDS

KPMG LLP
2001 M Street, NW
Washington, DC 20036-3389

Independent Auditors' Report

International Bank for Reconstruction and Development,
International Development Association,
International Finance Corporation, and
Multilateral Investment Guarantee Agency; together
as Administrators for the Modified Cash Basis Trust Funds

We have examined management's assertion, included in the accompanying *Management's Assertion Regarding Effectiveness of Internal Control over Financial Reporting of the Modified Cash Basis Trust Funds*, that the International Bank for Reconstruction and Development, the International Development Association, the International Finance Corporation, and the Multilateral Investment Guarantee Agency (together referred to as the Administrators) maintained effective internal control over financial reporting for the modified cash basis trust funds as listed in note 13 as of June 30, 2011 (modified cash basis trust funds), based on criteria established in *Internal Control – Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Management of the Administrators is responsible for maintaining effective internal control over financial reporting, and for its assertion on the effectiveness of internal control over financial reporting, included in the accompanying *Management's Assertion Regarding Effectiveness of Internal Control over Financial Reporting of the Modified Cash Basis Trust Funds*. Our responsibility is to express an opinion on management's assertion based on our examination.

We conducted our examination in accordance with attestation standards established by the American Institute of Certified Public Accountants and the International Standards on Assurance Engagements as issued by the International Auditing and Assurance Standards Board. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our examination included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our examination also included performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

An entity's internal control over financial reporting is a process effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the preparation of reliable financial statements in accordance with an applicable financial reporting framework, which in the case of the modified cash basis trust funds' combined statement of receipts, disbursements and fund balance prepared by the Administrators is the modified cash basis of accounting as described in note 2, a comprehensive basis of accounting other than generally accepted accounting principles. An entity's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the entity; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with the applicable financial reporting framework of the modified cash basis of accounting described in note 2, and that receipts and expenditures of the entity are being made only in accordance with authorizations of management and those charged with governance; and (3) provide reasonable assurance regarding prevention, or timely detection

EFFECTIVENESS OF INTERNAL CONTROL OVER FINANCIAL REPORTING OF THE
MODIFIED CASH BASIS TRUST FUNDS (Continued)**

and correction of unauthorized acquisition, use, or disposition of the entity's assets that could have a material effect on the modified cash basis trust funds' combined statement of receipts, disbursements and fund balance.

Because of its inherent limitations, internal control over financial reporting may not prevent, or detect and correct misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, management's assertion that the Administrators maintained effective internal control over financial reporting of the modified cash basis trust funds as of June 30, 2011 is fairly stated, in all material respects, based on criteria established in *Internal Control – Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We also have audited, in accordance with auditing standards generally accepted in the United States of America and International Standards on Auditing, the combined statements of receipts, disbursements and fund balance of the modified cash basis trust funds for each of the fiscal years in the two-year period ended June 30, 2011, and our report dated September 29, 2011 expressed an unqualified opinion on those financial statements.

KPMG LLP

September 29, 2011

INDEPENDENT AUDITORS' REPORT ON THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

KPMG LLP
2001 M Street, NW
Washington, DC 20036-3389

Independent Auditors' Report

International Bank for Reconstruction and Development,
International Development Association,
International Finance Corporation, and
Multilateral Investment Guarantee Agency; together
as Administrators for the Modified Cash Basis Trust Funds

We have audited the accompanying combined statements of receipts, disbursements and fund balance of the modified cash basis trust funds listed in note 13 for each of the fiscal years in the two-year period ended June 30, 2011. These combined statements of receipts, disbursements and fund balance are the responsibility of the management of the Administrators, consisting of the International Bank for Reconstruction and Development, the International Development Association, the International Finance Corporation and the Multilateral Investment Guarantee Agency. Our responsibility is to express an opinion on these combined statements of receipts, disbursements, and fund balance based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and International Standards on Auditing. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined statements of receipts, disbursements and fund balance are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the combined statements of receipts, disbursements, and fund balance. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the combined statements of receipts, disbursements, and fund balance. We believe that our audits provide a reasonable basis for our opinion.

As described in note 2, the combined statements of receipts, disbursements and fund balance were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the combined statements of receipts, disbursements, and fund balance referred to above present fairly, in all material respects, the cash receipts, disbursements, and fund balance of the modified cash basis trust funds for each of the fiscal years in the two-year period ended June 30, 2011, on the basis of accounting described in note 2.

Our audits were made for the purpose of forming an opinion on the basic combined statements of receipts, disbursements and fund balance taken as a whole. The supplementary information included in the Supplemental Schedules is presented for purposes of additional analysis and is not a required part of the basic combined statements of receipts, disbursements and fund balance and, accordingly, we express no opinion on it.

We also have examined, in accordance with the attestation standards established by the American Institute of Certified Public Accountants and the International Standards on Assurance Engagements issued by the International Auditing and Assurance Standards Board, the assertion prepared by management of the Administrators that the Administrators maintained effective internal control over financial reporting of the modified cash basis trust funds as of June 30, 2011, in accordance with the criteria established in *Internal Control – Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO), and our report dated September 29, 2011, expressed an unqualified opinion on management's assertion.

NOTES TO THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2011 and 2010

Note 1 - Organization and operations

The International Bank for Reconstruction and Development (IBRD), the International Development Association (IDA), the International Finance Corporation (IFC), and the Multilateral Investment Guarantee Agency (MIGA), herein collectively referred to as “the Bank”, enter into administrative agreements, individually or jointly, with various external donors for funding trust funds. The Bank is the Administrator and/or Trustee of such trust funds. IBRD, IDA, IFC, and MIGA are members of the World Bank Group, which also includes the International Centre for Settlement of Investment Disputes (ICSID).

Trust funds provide grants to meet diverse development needs, including project preparation, technical assistance, advisory services, debt relief, post conflict transition, disaster recovery, climate change and co-financing of lending projects.

IBRD performs certain administrative, accounting, financial reporting and treasury services related to trust funds activities on behalf of the Bank.

Basis of combination

Individual trust funds which are accounted for and reported using the modified cash basis of accounting, as described in Note 2, are included in the Combined Statements of Receipts, Disbursements and Fund Balance (Combined Financial Statements). The list of trust funds that are included in these Combined Financial Statements is provided in Note 13. These trust funds are referred to as “modified cash basis trust funds”.

In addition to the modified cash basis trust funds, the Bank administers a number of other trust funds which are accounted for and reported under accounting principles generally accepted in the United States of America (U.S. GAAP), International Financial Reporting Standards (IFRS), special purpose basis of reporting as defined and disclosed in the applicable trust fund financial statements, or another basis. These trust funds are excluded from the Combined Financial Statements. Transfers between trust funds included in the Combined Financial Statements are eliminated; however, transfers to/from trust funds that are not included in the Combined Financial Statements are reported as transfers.

NOTES TO THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2011 and 2010

Note 1 - Organization and operations (continued)

Activities of the modified cash basis trust funds are carried out primarily in the following ways:

Recipient-executed activities

Recipient-executed trust funds involve activities carried out by recipient third-party executing agencies (Recipients). The Bank enters into agreements with and disburses funds to those Recipients, who then exercise spending authority to meet the objectives and comply with terms stipulated in the agreements, including submission of progress and audited financial reports to the Bank.

Bank-executed activities

Bank-executed trust funds involve the execution by the Bank of activities, as described in the relevant administration arrangement with donors, which define the terms and conditions for use of the funds. Spending authority is exercised by the Bank. The Bank prepares the terms of reference, procures goods and services from suppliers, makes payment, and submits progress and financial reports for these activities to donors.

Financial intermediary funds

Financial intermediary funds comprise a heterogeneous mix of trust funds not covered by either the Bank-executed or Recipient-executed categories. They include trust funds with complex financial structures or arrangements in which the Bank provides specific administrative or financial services with a limited fiduciary or operational role. Arrangements include the administration of a variety of debt service trust funds, fiscal agency services funds and other more-specialized limited fund management roles. Financial intermediary funds hold and disburse funds in accordance with the instructions from donors, or in some cases the governing bodies operating on behalf of the donors.

Note 2 - Significant accounting policies

Basis of presentation

The accompanying Combined Financial Statements have been prepared on the cash receipts and disbursements basis of accounting, modified to record the share in the pooled cash and investments at fair value (modified cash basis of accounting). Accordingly, net investment income includes realized and unrealized gains/losses.

NOTES TO THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2011 and 2010

Note 2 - Significant accounting policies (continued)

The modified cash basis of accounting is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP) or International Financial Reporting Standards (IFRS). Receipts, with the exception of net investment income as described above, are reported when collected rather than when pledged/earned, and disbursements are reported when paid.

In accordance with the modified cash basis of accounting, as described above, and with the policies adopted for the administration of the modified cash basis trust funds, certain transactions are reported in the Combined Financial Statements in the period in which the transaction is credited/debited to the modified cash basis trust funds, rather than in the period to which it relates. These may include contributions not credited to the modified cash basis trust funds at the financial statement date due to timing or other reasons; repostings of disbursements in the ordinary course of business, as deemed necessary; and any refunds of previous disbursements deemed by the Bank not to be eligible in accordance with the relevant administrative agreements.

These Combined Financial Statements are not intended to be a presentation in conformity with U.S. GAAP or IFRS; however, certain information pertaining to the fair value of financial instruments held in the pooled cash and investments is presented in accordance with the applicable U.S. GAAP pronouncements as described below.

U.S. GAAP defines fair value, establishes a consistent measurement framework and a fair value hierarchy, which is based on the quality of inputs used to measure fair value, and requires fair value measurement disclosures. It also requires that the valuation techniques used to measure fair value maximize the use of observable inputs and minimize the use of unobservable inputs. Note 10 provides further details on the fair value measurement of the pooled cash and investments.

NOTES TO THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2011 and 2010

Note 2 - Significant accounting policies (continued)

The Combined Financial Statements are presented in U.S. dollars, the reporting currency. Transactions in currencies other than U.S. dollars are reported at the market rates of exchange in effect on the date of the transaction. At the end of each reporting period, fund balances that are not denominated in U.S. dollars are revalued at the market rate of exchange prevailing at the end of the respective reporting period. Any adjustment resulting from currency exchange rate changes is recognized as foreign currency adjustments in the Combined Financial Statements.

Project-related disbursements made from the Bank's resources, on behalf of the modified cash basis trust funds (refer to Note 5), are reimbursed to the Bank by those trust funds on a regular basis. To the extent that disbursements are made in currencies other than U.S. dollars, the Bank may be reimbursed a different amount due to the difference in exchange rates on various dates. Transaction gains or losses on disbursements, if any, are borne by IBRD, on behalf of the Bank.

The preparation of the Combined Financial Statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of fund balances and related disclosures at the financial statement dates and the reported amounts of receipts and disbursements during the reporting periods. Actual results could differ from these estimates. Judgment has been used in the valuation of certain financial instruments.

Certain reclassifications of the prior period's information have been made to conform with the current period's presentation.

Share in pooled cash and investments and net investment income

Amounts paid into the modified cash basis trust funds, but not yet disbursed, are managed by IBRD, on behalf of the Bank, which maintains an investment portfolio (the Pool) for all of the trust funds administered by the entities of the Bank. The Pool also includes funds in ICSID's escrow accounts. IBRD maintains all trust fund assets separate and apart from the funds of the World Bank Group. The Pool is divided into sub-portfolios to which allocations are made based on fund specific investment horizons, risk tolerances and/or other eligibility requirements for trust funds with common characteristics as determined by IBRD, on behalf of the Bank, in accordance with the trust fund agreements.

NOTES TO THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2011 and 2010

Note 2 - Significant accounting policies (continued)

Generally, the Pool is invested in liquid financial instruments such as time deposits, money market instruments, government and agency obligations and asset-backed securities. The Pool may also include securities pledged as collateral under repurchase agreements with other counterparties and receivables from resale agreements for which it has accepted collateral. Additionally, the Pool includes derivative contracts such as currency forward contracts, currency swaps, interest rate swaps, and purchases and sales of Mortgage-Backed Securities To-Be-Announced (TBAs). Payables and receivables associated with the investment activities are also included in the Pool as the Pool is accounted for under the accrual basis pursuant to U.S. GAAP.

The Pool is a trading portfolio and is reported at fair value, with gains/losses included in net investment income. The share in pooled cash and investments represents the modified cash basis trust funds' allocated share of the Pool's fair value at the end of each reporting period.

Net investment income consists of the modified cash basis trust funds' allocated share of the following: interest income earned by the Pool, realized gains/losses from the sales of securities, and unrealized gains/losses resulting from recording the securities held by the Pool at fair value.

Note 3 - Contributions

Contributions represent funds provided by the donors, including the Bank, in support of various trust fund activities. Contributions are recognized by the modified cash basis trust funds upon receipt of funds and receipt of the countersigned administration agreements.

NOTES TO THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2011 and 2010

Note 3 - Contributions (continued)

Cash contributions received from various donors during the fiscal years ended June 30, 2011 and June 30, 2010, are as follows:

<i>In millions of U.S. dollars</i>		
Donor	For the fiscal year ended June 30, 2011	For the fiscal year ended June 30, 2010
Sovereign countries and European Commission		
United States	\$ 707	\$ 532
United Kingdom	691	1,125
Australia	433	258
Canada	364	657
Norway	358	344
Netherlands	312	332
European Commission	298	418
Sweden	215	179
Spain	213	503
Germany	191	127
Japan	190	119
Denmark	130	114
Others ¹	448	832
<i>Subtotal</i>	4,550	5,540
World Bank Group organizations		
IBRD	221	108
IFC	148	97
MIGA	3	3
<i>Subtotal</i>	372	208
Other donors²	319	305
Total Contributions	\$ 5,241	\$ 6,053

¹ Includes contributions from individual donors of less than \$100 million each during the fiscal year ended June 30, 2011.

² Includes contributions received from other multilateral development banks, United Nations agencies, public and private institutions.

NOTES TO THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2011 and 2010

Note 4 - Other receipts

Other receipts totaling \$378 million (June 30, 2010: \$39 million) consist primarily of loan repayment and interest receipts for loans disbursed by the Global Trade Liquidity Program Trust Fund, amounting to \$357 million (June 30, 2010: \$2 million), of which \$330 million (June 30, 2010: Nil) and \$24 million (June 30, 2010: \$0.4 million) was refunded to the United Kingdom and Canada, respectively (see Note 7). Other receipts also include receipts by the modified cash basis trust funds for certain advisory services and service fees, as well as repayments of credits by recipients of amounts previously disbursed by the Trust Fund for Gaza and West Bank, refunds from closed projects, and reimbursements of ineligible disbursements.

Note 5 - Project-related disbursements

Project-related disbursements totaling \$4,571 million (June 30, 2010: \$4,946 million) represent amounts disbursed for trust fund activities consistent with the terms of the administration agreements. These amounts include:

- a. Disbursements from Recipient-executed trust funds to Recipients for carrying out development activities and financing the investment and recurrent needs of service delivery, capacity building and technical assistance. Total project-related disbursements from Recipient-executed trust funds during the fiscal year ended June 30, 2011, amounted to \$3,083 million (June 30, 2010: \$3,061 million). These disbursements also include payments to IBRD and IDA from debt service trust funds amounting to \$34 million (June 30, 2010: \$224 million), on behalf of beneficiaries.
- b. Disbursements from Bank-executed trust funds to support: (i) the Bank's own work program, including analytical and advisory activities, (ii) trust fund administration activities, and (iii) other project-related activities. Total project-related disbursements from Bank-executed trust funds during the fiscal year ended June 30, 2011, amounted to \$1,089 million (June 30, 2010: \$1,605 million). This includes \$299 million (June 30, 2010: \$263 million) towards direct staff costs, related benefits and overheads, which were paid to the Bank for its estimated costs for activities consistent with the purpose of the modified cash basis trust funds in accordance with the administration agreements.

NOTES TO THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2011 and 2010

Note 5 - Project-related disbursements (continued)

- c. Disbursements from Financial intermediary funds in accordance with instructions from donors or governing bodies operating on behalf of the donors. Total Project-related disbursements from Financial intermediary funds during the fiscal year ended June 30, 2011, amounted to \$399 million (June 30, 2010: \$280 million).

As part of its internal control framework, the Bank performs various compliance reviews of trust fund activities, which may result in the identification of certain matters that could result in ineligible expenditures related to the modified cash basis trust funds. In the event that disbursements which are deemed not to be eligible in accordance with the relevant agreements for the modified cash basis trust funds are identified, the Bank will consult with the donors to determine the appropriate remedy and account for them pursuant to the established policy.

Note 6 - Administrative fees

To assist in the defrayment of the costs incurred for the administration, supervision and oversight of modified cash basis trust funds, the Bank charges administrative fees as applicable pursuant to the legal agreements with donors.

NOTES TO THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2011 and 2010

Note 7 - Refunds to donors

Refunds to donors primarily represent the return of unused fund balances upon completion of individual trust fund activities. Refunds to various donors during the fiscal years ended June 30, 2011 and June 30, 2010, are as follows:

<i>In millions of U.S. dollars</i>			
Donor	For the fiscal year ended June 30, 2011	For the fiscal year ended June 30, 2010	
Sovereign countries and European Commission			
United Kingdom ¹	\$ 339	\$ 11	
Canada ²	75	3	
European Commission	28	7	
Serbia	17	-	
Others	21	39	
<i>Subtotal</i>	<u>480</u>	<u>60</u>	
World Bank Group organizations			
IDA ³	7	5	
Other donors ⁴	12	6	
Total Refunds to donors	\$ <u>499</u>	\$ <u>71</u>	

¹ Includes remittances of accumulated loan repayments received by the Global Trade Liquidity Program Trust Fund amounting to \$330 million during the fiscal year ended June 30, 2011 (June 30, 2010: Nil).

² Includes (a) remittances of \$49 million during the fiscal year ended June 30, 2011 (June 30, 2010: Nil), according to instructions received from the donor, to an IFC managed trust fund not in the scope of the Combined Financial Statements; and (b) remittances of accumulated loan repayments received by the Global Trade Liquidity Program Trust Fund amounting to \$24 million during the fiscal year ended June 30, 2011 (June 30, 2010: \$0.4 million).

³ Includes remittances of accumulated credit repayments received by the Trust Fund for Gaza and West Bank amounting to \$6 million during the fiscal year ended June 30, 2011 (June 30, 2010: \$5 million). In accordance with the administration agreements with IBRD, the refund is made to IDA.

⁴ Includes refunds to other multilateral development banks, United Nations agencies, public and private institutions.

NOTES TO THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2011 and 2010

Note 8 - Advances received from/repaid to the Bank

Advances received from the Bank in the amount of \$6 million represents interest-free advances provided by the Bank to the modified cash basis trust funds during the fiscal year ended June 30, 2011 (June 30, 2010: \$7 million) in anticipation of receipts of contributions previously committed by donors. Advances previously made amounting to \$7 million were repaid by the modified cash basis trust funds to the Bank, during the fiscal year ended June 30, 2011 (June 30, 2010: \$6 million).

Note 9 - Transfers from/to other trust funds

Transfers from/to other trust funds represents the transfer of funds between the modified cash basis trust funds included in the Combined Financial Statements and trust funds excluded from the Combined Financial Statements upon receipt of instructions from donors or relevant governing bodies.

Note 10 - Fair value of financial instruments

As discussed in Note 2, the cash and investments of all trust funds administered by the World Bank Group are managed in a pooled investment portfolio. The modified cash basis trust funds' share in the Pool is not traded in any market; however, the underlying assets within the Pool are reported at fair value. All investment decisions are made and performance monitored at the Pool level. The disclosure on fair value measurement and fair value hierarchy is therefore at the Pool level. The fair value amount of the modified cash basis trust funds' share in the pooled cash and investments at the end of the reporting period is also disclosed.

Fair Value Measurements

IBRD, on behalf of the Bank, has an established and documented process for determining fair values. Fair value is based upon quoted market prices for the same or similar instruments, where available. Financial instruments for which quoted market prices are not readily available are valued based on discounted cash flow models. These models primarily use market-based or independently-sourced market parameters such as yield curves, interest rates, volatilities, foreign exchange rates and credit curves, and may incorporate unobservable inputs. Selection of these inputs involves judgment. The Pool may include financial instruments such as government and agency obligations, time deposits and money market instruments, asset-backed securities, securities purchased under resale agreements and securities sold under repurchase agreements, and derivatives.

NOTES TO THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2011 and 2010

Note 10 - Fair value of financial instruments (continued)

The techniques applied in determining the fair values of financial instruments are summarized below.

Government and agency obligations and asset-backed securities

Where available, quoted market prices are used to determine the fair value of government and agency obligations and asset-backed securities. For instruments for which quoted market prices are not readily available, fair values are determined using model-based valuation techniques, either internally-generated or vendor-supplied, that include the standard discounted cash flow method using market observable inputs such as yield curves, credit spreads, prepayment speeds, foreign exchange rates, and funding spreads.

Time deposits and money market instruments

Time deposits and money market instruments, unless quoted prices are available, are reported at face value, which approximates fair value.

Securities purchased under resale agreements and securities sold under repurchase agreements

Securities purchased under resale agreements and securities sold under repurchase agreements are reported at face value, which approximates fair value.

Derivative contracts

Derivative contracts include currency forward contracts, currency swaps, interest rate swaps and purchases and sales of TBA securities. Derivatives are valued using the standard discounted cash flow methods using market observable inputs such as yield curves, foreign exchange rates, basis spreads and funding spreads.

NOTES TO THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2011 and 2010

Note 10 - Fair value of financial instruments (continued)

Fair Value Hierarchy

Financial instruments representing the pooled investments for all the trust funds administered by the World Bank Group are recorded at fair value and are categorized based on the inputs to the valuation techniques as follows (in order of priority placed on the inputs):

Level 1: Financial instruments whose values are based on unadjusted quoted prices for identical instruments in active markets.

Level 2: Financial instruments whose values are based on quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; or pricing models for which all significant inputs are observable, either directly or indirectly for substantially the full term of the instrument.

Level 3: Financial instruments whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

When the inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest priority level input that is significant to the fair value measurement of the instrument in its entirety. Thus, a Level 3 fair value measurement of the instrument may include inputs that are observable (Level 2) and unobservable (Level 3).

As of June 30, 2011 and June 30, 2010, the Pool does not have any financial instruments measured at fair value on a non-recurring basis.

The following tables present the Pool's fair value hierarchy for financial instruments measured at fair value on a recurring basis as of June 30, 2011 and June 30, 2010. Payables and receivables associated with the investment activities and cash are not included in the fair value hierarchy table and their carrying amounts approximate their fair values. The modified cash basis trust funds' share of the Pool's financial instruments may comprise varying proportions among the three levels.

¹Certain reclassifications of the prior year's information have been made to conform to the current year's presentation. Specifically, purchases and sales of mortgage-backed securities TBA have been reclassified out of asset-backed securities into derivatives, as well as payables and receivables in the Pool. The effects of the mortgage-backed securities TBAs reclassification was a \$689 million decrease in asset-backed securities, a \$6 million increase in derivatives, net, and a \$683 million decrease in net payables for investments purchased. Therefore, the reclassifications had no impact on the net asset value of the Pool for the fiscal year ended June 30, 2010.

NOTES TO THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2011 and 2010

Note 10 - Fair value of financial instruments (continued)

In the Pool, the carrying value of securities pledged as collateral under repurchase agreements as of June 30, 2011 and June 30, 2010 was \$751 million and \$316 million, respectively. Under resale agreements, IBRD, on behalf of the Bank, has not received any securities as collateral as of June 30, 2011 and June 30, 2010. During the fiscal years ended June 30, 2011 and June 30, 2010, neither transfers between levels nor securities in Level 3 were significant. Therefore, no further disclosures on these items are included.

Financial risks related to the Pool

The modified cash basis trust funds are exposed to credit risk on their share in the cash and investments in the Pool. IBRD, on behalf of the Bank, limits investments to those financial instruments with minimum credit ratings in the U.S. markets or equivalent as follows:

- Time deposits and money market instruments - issued or guaranteed by financial institutions whose senior debt securities are rated at least A-;
- Government and agency obligations - issued or unconditionally guaranteed by government agencies rated at least AA- if denominated in a currency other than the home currency of the issuer, otherwise no rating is required. Obligations issued by an agency or instrumentality of a government, a multilateral organization or any other official entity require a minimum credit rating of AA-;
- Asset-backed securities - minimum rating must be AAA; and
- Derivatives - counterparties must have a minimum rating of A+.

Modified cash basis trust funds' share of the cash and investments in the Pool

The modified cash basis trust funds' share of cash and investments in the Pool, which was allocated based on the specific investment horizons, risk tolerances and other eligibility requirements pursuant to the agreements, has a fair value of \$10,364 million as of June 30, 2011 (June 30, 2010: \$9,355 million).

NOTES TO THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

June 30, 2011 and 2010

Note 10 - Fair value of financial instruments (continued)

As of June 30, 2011, the modified cash basis trust funds' share in the Pool is invested in sub-portfolios, of which approximately 53% (June 30, 2010: 64%) of the securities are rated at least AA and 100% (June 30, 2010: 100%) of the securities are rated at least A+. As of June 30, 2011, this Pool sub-portfolio is invested in the following types of instruments: 46% (June 30, 2010: 41%) in time deposits and money market instruments, 52% (June 30, 2010: 57%) in government and agency obligations, and 2% (June 30, 2010: 2%) in asset-backed securities.

Note 11 - Guarantees

There are four investment guarantee trust funds, which are administered by MIGA, included in the Combined Financial Statements. MIGA, on behalf of these trust funds, issues guarantees against loss caused by non-commercial risks to eligible investors on qualified investments in the countries specified in the trust fund administration agreements. These guarantees expire between June 2012 and March 2015. At June 30, 2011, the maximum potential amount of future payments of the guarantees, which are fully backed by the funds of the respective trust fund, is \$2.5 million (June 30, 2010: \$2.5 million), none of which has been recorded in the Combined Financial Statements.

Note 12 – Subsequent events

Management has evaluated subsequent events through September 29, 2011, the date these Combined Financial Statements were available to be issued.

Note 13 - List of trust funds included in the Combined Financial Statements

This note provides the listing of individual trust funds which are accounted for and reported using the modified cash basis of accounting, as described in Note 2, and therefore included in the Combined Financial Statements. Certain trust funds are included in the fiscal year ended June 30, 2010, but not in the fiscal year ended June 30, 2011 because they were closed during the fiscal year ended June 30, 2010. Similarly, certain trust funds are included in fiscal year 2011 but not in fiscal year 2010 because they were created and activated during the fiscal year ended June 30, 2011.

Supplemental Schedules * (Unaudited)
June 30, 2011 and June 30, 2010

* The attached supplemental schedules are separate from and do not form part of the Combined Statements of Receipts, Disbursements and Fund Balance. These supplemental schedules have been prepared solely for the purpose of providing additional information to donors on the resources and application of contributions received by Modified Cash Basis Trust Funds, and are not intended to be a presentation in accordance with any generally accepted accounting principles or the modified cash basis of accounting as defined in Note 2. Certain information, such as contributions receivable and promissory notes receivable, are presented on accrual basis of accounting. The attached supplemental schedules have not been subject to any audit, and KPMG LLP does not express an opinion on these supplemental schedules.

SUPPLEMENTAL SCHEDULES

FINANCIAL POSITION OF MODIFIED CASH BASIS TRUST FUNDS (UNAUDITED)

Expressed in millions of U.S. dollars

	<u>As of June 30, 2011</u>	<u>As of June 30, 2010</u>
Funding sources		
Modified cash basis trust funds' share of the cash and investments in the Pool held under:		
Trust Funds	\$ 9,959	\$ 8,890
Donor Balance Accounts ¹	405	465
	<u>10,364</u>	<u>9,355</u>
Contributions receivable ²	4,344	4,478
Promissory notes receivable ³	1,540	1,393
	<u>\$ 16,248</u>	<u>\$ 15,226</u>
Commitments⁴		
Outstanding commitments under:		
Recipient-executed Trust Funds	\$ (5,445)	\$ (5,387)
Bank-executed Trust Funds	(1,196)	(1,222)
Financial Intermediary Funds	(280)	(102)
	<u>\$ (6,921)</u>	<u>\$ (6,711)</u>
Total resources not yet committed	<u><u>\$ 9,327</u></u>	<u><u>\$ 8,515</u></u>

¹ Represents fund balances belonging to the donors, held in their Balance/Holding Accounts, pending donor instructions regarding the refund or reallocation to other trust funds.

² Contributions receivable represent funds to be provided to a trust fund administered by the Bank on the basis of a signed agreement between the Bank and the donor, which are recorded upon receipt of counter-signed administration agreements.

³ Promissory notes receivable are non-negotiable, non-interest bearing demand notes, which are recorded upon receipt of the notes and counter-signed administration agreements.

⁴ Commitments represents amount of financing approved for projects or activities at the grant level, which are recorded when financing requests are approved.
