September 27, 2013

MANAGEMENT'S ASSERTION REGARDING EFFECTIVENESS OF INTERNAL CONTROL OVER FINANCIAL REPORTING OF THE MODIFIED CASH BASIS TRUST FUNDS

The International Bank for Reconstruction and Development ("IBRD"), the International Development Association ("IDA"), the International Finance Corporation ("IFC"), and the Multilateral Investment Guarantee Agency ("MIGA") (collectively referred to herein as "the Bank"), as administrators for the modified cash basis trust funds as listed in Annex 1 to the combined statements of receipts, disbursements and fund balance ("the Statements"), are responsible for establishing and maintaining effective internal control and procedures over financial reporting for trust fund activities which are designed to provide reasonable assurance to the Bank's Management and Board of Directors regarding the preparation of reliable trust fund financial reports prepared on the cash receipts and disbursements basis of accounting modified to record the share in pooled cash and investments at fair value ("modified cash basis of accounting").

Assertions as of June 30, 2013 made by Management in this document pertain to the specific control objectives relevant to the effectiveness of internal control over financial reporting of trust fund activities using the modified cash basis of accounting (the "modified cash basis trust funds"). The specific management assertions are set forth below:

- Contributions from donors are recorded in the appropriate trust fund on a timely basis.
- Assets underlying Trust Funds' fund balance are segregated from funds of the Bank and are in the form of cash and investments managed by the Bank.
- Transactions recorded in the underlying financial records and the financial reporting of each trust fund are accurate and complete.
- Investment income is earned and credited to the appropriate Trust Fund in accordance with the terms and provisions of the legal agreements entered into with the donors.
- Disbursements follow relevant Bank policies and procedures.
- Fees for administering each Trust Fund are charged in accordance with the terms and provisions of the legal agreements entered into with the donors.
- Financial reporting is in compliance with the requirements set forth in the legal agreements entered into with the donors.

MANAGEMENT'S ASSERTION REGARDING EFFECTIVENESS OF INTERNAL CONTROL OVER FINANCIAL REPORTING OF THE MODIFIED CASH BASIS TRUST FUNDS (CONTINUED)

The Bank's internal control and procedures over financial reporting of the modified cash basis trust funds contain self-monitoring mechanisms, and actions are taken to correct deficiencies as and when identified. Even an effective internal control system, no matter how well designed, has inherent limitations, including the possibility of human error and the circumvention or overriding of controls, and therefore can provide only reasonable assurance with respect to financial report preparation. Such human error, circumvention, or overriding of controls may, among other things, result in ineligible expenditures charged to a trust fund that systems of internal control cannot always detect at the time of recording. Management does not perceive this to be indicative of an overall ineffective system of internal control.

The Bank assessed its internal control over financial reporting of the modified cash basis trust funds as a whole as of June 30, 2013. This assessment was based on criteria established in the 1992 Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this assessment, the Bank has maintained effective internal control over financial reporting for the modified cash basis trust funds as of June 30, 2013.

INDEPENDENT AUDITORS' REPORT ON MANAGEMENT'S ASSERTION REGARDING EFFECTIVENESS OF INTERNAL CONTROL OVER FINANCIAL REPORTING OF THE MODIFIED CASH BASIS TRUST FUNDS

KPMG LLP Suite 12000 1801 K Street, NW Washington, DC 20006

Independent Accountants' Report

International Bank for Reconstruction and Development
International Development Association
International Finance Corporation
Multilateral Investment Guarantee Agency; together
as Administrators and/or Trustees of the Modified Cash Basis Trust Funds

We have examined management's assertion, included in the accompanying Management's Assertion Regarding Effectiveness of Internal Control Over External Financial Reporting of the Modified Cash Basis Trust Funds, that the International Bank for Reconstruction and Development, International Development Association, International Finance Corporation and Multilateral Investment Guarantee Agency (together referred to as the Administrators and/or Trustees) maintained effective internal control over financial reporting for the modified cash basis trust funds to the combined statements or receipts, disbursements and fund balance as of June 30, 2013 (the Statements), based on criteria established in the 1992 Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Management of the Administrators and/or Trustees is responsible for maintaining effective internal control over financial reporting, and for its assertion on the effectiveness of internal control over financial reporting, included in the accompanying Management's Assertion Regarding Effectiveness of Internal Control Over External Financial Reporting of the Modified Cash Basis Trust Funds. Our responsibility is to express an opinion on management's assertion based on our examination.

We conducted our examination in accordance with attestation standards established by the American Institute of Certified Public Accountants and the Standards on Assurance Engagements issued by the International Auditing and Assurance Standards Board. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our examination included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our examination also included performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

An entity's internal control over financial reporting is a process effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the preparation of reliable financial statements in accordance with an applicable financial reporting framework, which in the case of the Statements prepared by the Administrators and/or Trustees is the modified cash basis of accounting described in Note 2 of the Statements. An entity's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the entity; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with the applicable financial reporting framework of the modified cash basis of accounting described in Note 2 of the Statements, and that receipts and expenditures of the entity are being made only in accordance with authorizations of management and those charged with governance; and (3) provide reasonable assurance regarding prevention, or timely detection and correction of unauthorized acquisition, use, or disposition of the entity's assets that could have a material effect on the Statements.

INDEPENDENT AUDITORS' REPORT ON MANAGEMENT'S ASSERTION REGARDING EFFECTIVENESS OF INTERNAL CONTROL OVER FINANCIAL REPORTING OF THE MODIFIED CASH BASIS TRUST FUNDS (CONTINUED)

Because of its inherent limitations, internal control over financial reporting may not prevent, or detect and correct misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, management's assertion that the Administrators and/or Trustees maintained effective internal control over financial reporting as of June 30, 2013 is fairly stated, in all material respects, based on criteria established in the 1992 Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

We also have audited, in accordance with auditing standards generally accepted in the United States of America and International Standards on Auditing, the combined statements of receipts, disbursements and fund balance of the modified cash basis trust funds for the fiscal years ended June 30, 2013 and 2012, and our report dated September 27, 2013 expressed an unqualified opinion on those financial statements.

Washington, D.C. September 27, 2013

INDEPENDENT AUDITORS' REPORT ON THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE

KPMG LLP Suite 12000 1801 K Street, NW Washington, DC 20006

Independent Accountants' Report

International Bank for Reconstruction and Development
International Development Association
International Finance Corporation
Multilateral Investment Guarantee Agency; together
as Administrators and/or Trustees of the Modified Cash Basis Trust Funds

Report on the Financial Statements

We have audited the accompanying combined statements of receipts, disbursements and fund balance (the Statements) of the modified cash basis trust funds listed in Annex 1 for the years ended June 30, 2013 and 2012, and the related notes to the Statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the Statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the Statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the Statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and in accordance with International Standards on Auditing. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the Statements referred to above present fairly, in all material respects, the receipts, disbursements and fund balance of the modified cash basis trust funds listed in Annex 1 for the years ended June 30, 2013 and 2012, in accordance with the modified cash basis of accounting described in Note 2.

KPMG LLP is a Delaware limited liability partnership, the U.S. member firm of KPMG international Cooperative ("KPMG international"), a Swiss entity.

INDEPENDENT AUDITORS' REPORT ON THE COMBINED STATEMENTS OF RECEIPTS, DISBURSEMENTS AND FUND BALANCE (CONTINUED)

Basis of Accounting

We draw attention to Note 2 of the Statements, which describes the basis of accounting. The Statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America or International Financial Reporting Standards. Our opinion is not modified with respect to the matter.

Other Matters

Annex 1

Our audits were conducted for the purpose of forming an opinion on the Statements as a whole. The accompanying supplementary information in Annex 1: List of Trust Funds Included in the Combined Statements of Receipts, Disbursements and Fund Balance as of June 30, 2013 is presented for purposes of additional analysis and is not a required part of the Statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the Statements. The information has been subjected to the auditing procedures applied in the audit of the Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Statements or to the Statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and International Standards on Auditing. In our opinion, the information is fairly stated in all material respects in relation to the Statements as a whole.

Supplemental Schedules

The supplementary information included in the Supplemental Schedules is presented for the purposes of additional analysis and is not a required part of the Statements. Such information has not been subjected to the auditing procedures applied in the audits of the Statements and, accordingly, we do not express an opinion or provide any assurance on it.

Report on Management's Assertion Regarding Effectiveness of Internal Control Over Financial Reporting

We also have examined in accordance with attestation standards established by the American Institute of Certified Public Accountants and the International Standards on Assurance Engagements issued by the International Auditing and Assurance Standards Board, management's assertion, included in the accompanying Management's Assertion Regarding Effectiveness of Internal Control Over Financial Reporting of the Modified Cash Basis Trust Funds, that the Administrators and/or Trustees maintained effective internal control over external financial reporting as of June 30, 2013, based on criteria established in the 1992 Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) and our report dated September 27, 2013 expressed an unqualified opinion on management's assertion.

June 30, 2013 and 2012

Expressed in millions of U.S. dollars unless otherwise noted

Note 1 - Organization and operations

The International Bank for Reconstruction and Development (IBRD), the International Development Association (IDA), the International Finance Corporation (IFC), and the Multilateral Investment Guarantee Agency (MIGA), herein collectively referred to as "the Bank", enter into legal agreements, individually or jointly, with various external donors for funding trust funds. The Bank is the Administrator and/or Trustee of such trust funds. IBRD, IDA, IFC, and MIGA are members of the World Bank Group, which also includes the International Centre for Settlement of Investment Disputes (ICSID).

Trust funds generally provide grants to meet diverse development needs, including project preparation, technical assistance, advisory services, debt relief, post conflict transition, disaster recovery, climate change and co-financing of lending projects.

IBRD performs certain administrative, accounting, financial reporting and treasury services related to trust funds' activities on behalf of the Bank.

Basis of combination

Individual trust funds, which are administered by the Bank and are reported using the modified cash basis of accounting, as described in Note 2, are included in the Combined Statements of Receipts, Disbursements and Fund Balance (the Statements), except as mentioned below. The list of trust funds that are included in the Statements is provided in Annex 1. These trust funds are referred to as "modified cash basis trust funds" and are combined for purpose of presenting the Statements.

In addition to the modified cash basis trust funds, the Bank administers a number of other trust funds which are reported under (i) accounting principles generally accepted in the United States of America (U.S. GAAP), (ii) International Financial Reporting Standards (IFRS), (iii) special purpose basis of accounting, or (iv) another basis as defined and disclosed in the applicable trust fund financial statements. These trust funds are separately audited and excluded from the Statements. If the basis of reporting for these trust funds changes to modified cash basis and is confirmed by the donors, they will be included in the Statements (Note 3).

Activities of the modified cash basis trust funds are carried out primarily in the following ways:

Recipient-executed activities

Recipient-executed trust funds involve activities carried out by recipient third-party executing agencies (Recipients). The Bank enters into legal agreements with and disburses funds to those Recipients, who then exercise spending authority to meet the objectives and comply with terms stipulated in these legal agreements, including submission of progress and audited financial reports to the Bank.

June 30, 2013 and 2012

Expressed in millions of U.S. dollars unless otherwise noted

Bank-executed activities

Bank-executed trust funds involve activities executed by the Bank, as described in the relevant legal agreements with donors, which define the terms and conditions for use of the funds. Spending authority is exercised by the Bank. The Bank prepares the terms of reference, procures goods and services from suppliers, makes payment, and submits progress and financial reports for these activities to donors.

Financial intermediary funds

Financial intermediary funds comprise a heterogeneous mix of trust funds not covered by either the Bank-executed or Recipient-executed categories. They include trust funds with complex financial structures or arrangements in which the Bank provides specific administrative or financial services with a limited fiduciary or operational role. Arrangements include the administration of a variety of debt service trust funds, fiscal agency services funds and other more specialized limited fund management roles. Financial intermediary funds hold and disburse funds in accordance with the instructions from donors, or in some cases the governing bodies operating on behalf of the donors.

Note 2 - Significant accounting policies

Basis of presentation

The Statements have been prepared on the cash receipts and disbursements basis of accounting, modified to record the modified cash basis trust funds' share in the pooled cash and investments (see further discussions below) at fair value (modified cash basis of accounting). Accordingly, net investment income includes realized and unrealized gains/losses.

The modified cash basis of accounting is a comprehensive basis of accounting other than U.S. GAAP or IFRS. Therefore, the Statements are not intended to be a presentation in conformity with U.S. GAAP or IFRS. Receipts, with the exception of net investment income as described above, are reported when collected (i.e., when credited to the modified cash basis trust funds) rather than when pledged/earned, and disbursements are reported when paid (i.e., when debited to the modified cash basis trust funds) rather than when incurred.

In accordance with the modified cash basis of accounting, as described above, and with the policies adopted for the administration of the modified cash basis trust funds, certain transactions are reported in the Statements in the period in which the transactions are credited/debited to the modified cash basis trust funds, rather than in the period to which they relate. These may include contributions not credited to the modified cash basis trust funds by the period end date due to timing or other reasons; repostings of disbursements in the ordinary course of business, as deemed necessary, and any refunds of previous disbursements deemed by the Bank to be ineligible in accordance with the relevant legal agreements with the donors.

June 30, 2013 and 2012

Expressed in millions of U.S. dollars unless otherwise noted

Share in the pooled cash and investments and net investment income

Amounts paid into the modified cash basis trust funds, but not yet disbursed, are managed by IBRD, on behalf of the Bank, which maintains an investment portfolio (the Pool) for all of the trust funds administered by the World Bank Group. The Pool also includes funds in ICSID's escrow accounts. IBRD, on behalf of the World Bank Group, maintains all trust fund assets separate and apart from the funds of the World Bank Group. The Pool is divided into sub-portfolios to which allocations are made based on fund specific investment horizons, risk tolerances and/or other eligibility requirements for trust funds with common characteristics as determined by IBRD, on behalf of the World Bank Group. These sub-portfolios may hold all or a portion of the financial instruments held by the Pool.

Generally, the Pool includes cash and liquid financial instruments such as government and agency obligations, time deposits, money market securities and asset-backed securities. The Pool may also include securities pledged as collateral under repurchase agreements as well as derivatives with other counterparties and receivables from resale agreements as well as derivatives for which it has accepted collateral. Additionally, the Pool includes derivative contracts such as currency forward contracts, currency swaps, interest rate swaps and contracts to purchase or sell Mortgage-Backed Securities To-Be-Announced (TBAs). Payables and receivables associated with the investment activities are also included in the Pool.

The Pool is a trading portfolio and is reported at fair value, with realized and unrealized gains/losses included in net investment income. The share in the pooled cash and investments represents the modified cash basis trust funds' share of the Pool's fair value at the end of each reporting period.

Net investment income consists of the modified cash basis trust funds' allocated share of the following: interest income earned by the Pool, realized gains/losses from the sales of securities, and unrealized gains/losses resulting from recording the assets held by the Pool at fair value.

Foreign currency adjustment

The Statements are presented in U.S. dollars, the reporting currency. Transactions in currencies other than U.S. dollars are reported at the market rates of exchange in effect on the date of the transaction. At the end of each reporting period, fund balances that are not denominated in U.S. dollars are revalued at the market rates of exchange prevailing at the end of the respective reporting period. Any adjustment resulting from currency exchange rate changes is recognized as foreign currency adjustment in the Statements.

Project-related disbursements made from the Bank's resources, on behalf of the modified cash basis trust funds (refer to Notes 7 and 9), are reimbursed to the Bank by those trust funds on a regular basis. To the extent that disbursements are made in currencies other than U.S. dollars, the Bank may be reimbursed a

June 30, 2013 and 2012

Expressed in millions of U.S. dollars unless otherwise noted

different amount due to the difference in exchange rates on various dates, and such transaction gains or losses on disbursements, if any, are borne by IBRD, on behalf of the Bank.

Use of estimates

The preparation of the Statements requires management to make estimates and assumptions based upon information available as of the date of the Statements. Actual results could differ from these estimates. Areas in which management makes estimates and assumptions in determining the amounts to be recorded include the fair value of financial instruments.

Certain reclassifications of the prior year's numbers have been made to conform to the current year's presentation. In particular, certain administrative expenses that were previously reported under Project-related disbursements are now reported under Administrative fees and expenses (previously "Administrative fees"). For the fiscal year ended June 30, 2012, the impact of this reclassification was an increase in Administrative fees and expenses by \$141 million and a corresponding decrease in Project-related disbursements.

Note 3 - Trust fund brought into the Statements

Effective January 1, 2013, pursuant to the change in the basis of reporting to the modified cash basis of accounting, the Ozone Projects Trust Fund is included in the Statements for the fiscal year ended June 30, 2013 and will be included in subsequent periods. The fund balance of this trust fund as of December 31, 2012, is reported as 'Trust fund brought into the Statements'.

June 30, 2013 and 2012

Expressed in millions of U.S. dollars unless otherwise noted

Note 4 - Contributions

Contributions represent funds provided by the donors, including the Bank, in support of various trust fund activities. Contributions are recognized in the modified cash basis trust funds upon receipt of funds and the countersigned legal agreements with the donors.

Contributions received from various donors during the fiscal years ended June 30, 2013 and June 30, 2012, are as follows:

Donor	2013	2012
Sovereign countries and European Commission		
United Kingdom	\$ 1,010	\$1,159
Australia	433	587
United States	424	1,053
Norway	400	346
Netherlands	355	318
European Commission	327	341
Japan	291	281
Sweden	270	246
Canada	266	211
Germany	212	226
Switzerland	153	127
Denmark	115	142
Others ¹	463	443
Subtotal	4,719	5,480
World Bank Group organizations		
IBRD	103	212
IFC	96	96
MIGA	2	3
Subtotal	201	311
Other donors ²	457	303
Total Contributions	\$5,377	\$6,094

¹ Includes donors whose contributions were less than \$100 million during the fiscal year ended June 30, 2013.

² Includes contributions received from other multilateral development banks, United Nations agencies, public and private institutions.

June 30, 2013 and 2012

Expressed in millions of U.S. dollars unless otherwise noted

Note 5 - Other receipts

Other receipts comprises the following:

Receipts	2013	2012
Reimbursements of ineligible disbursements	\$29	\$ 2
Fees for advisory and other services	11	11
Repayment of credits by recipients of amounts previously		
disbursed by the Trust Fund for Gaza and West Bank	9	8
Refunds from closed projects	2	2
Loan repayments and interest receipts for loans disbursed		
by the Global Trade Liquidity Program Trust Fund	1	528
Others ¹	4	3
Total Other receipts	\$56	\$554

¹ Includes project specific receipts, investment income from agencies, etc.

Note 6 - Transfers from/to other trust funds

Transfers from/to other trust funds represent the transfer of funds upon receipt of instructions from donors or relevant governing bodies between the modified cash basis trust funds included in the Statements and trust funds excluded from the Statements.

Note 7 - Project-related disbursements

Project-related disbursements represent amounts disbursed for trust fund activities consistent with the terms of the legal agreements with the donors. Project-related disbursements by trust fund type during the fiscal years ended June 30, 2013 and June 30, 2012, are as follows:

Trust fund type	2013	2012
Recipient-executed trust funds ^a	\$3,257	\$3,493
Bank-executed trust funds ^b	940	899
Financial intermediary funds ^c	780	652
Total Project-related disbursements	\$4,977	\$5,044

a. Represents disbursements from Recipient-executed trust funds to Recipients for carrying out development activities and financing the investment and recurrent needs of service delivery, capacity

June 30, 2013 and 2012

Expressed in millions of U.S. dollars unless otherwise noted

building and technical assistance. These disbursements include payments to IBRD and IDA from debt service trust funds amounting to \$26 million (2012: \$45 million) towards repayment of loans and credits, on behalf of beneficiaries.

- b. Represents disbursements from Bank-executed trust funds: (i) to support the Bank's own work program, including analytical and advisory activities, (ii) for trust fund administration activities, and (iii) for other project-related activities. These disbursements include \$273 million (2012: \$230 million) towards direct staff costs, related benefits and overheads, which were reimbursed to the Bank for its estimates of costs incurred for executing activities consistent with the legal agreements entered into with the donors of the modified cash basis trust funds.
- c. Represents disbursements from financial intermediary funds in accordance with instructions from donors or governing bodies operating on behalf of the donors.

As part of its internal control framework, the Bank performs various compliance reviews of trust fund activities, which may result in the identification of ineligible expenditures related to the modified cash basis trust funds. In the event that disbursements which are deemed not to be eligible in accordance with the relevant legal agreements with the donors for the modified cash basis trust funds are identified, the Bank will consult with the donors to determine the appropriate remedy and account for them pursuant to the established policy.

June 30, 2013 and 2012

Expressed in millions of U.S. dollars unless otherwise noted

Note 8 - Refunds to donors

Refunds to donors primarily represent the return of unused fund balances upon completion of individual trust fund activities. Refunds to various donors during the fiscal years ended June 30, 2013 and June 30, 2012, are as follows:

Donor	2013	2012
Sovereign countries and European Commission		
Saudi Arabia ¹	\$301	\$ 3
European Commission	12	26
United Kingdom	10	33
Sweden	5	5
Netherlands	5	5
Others	8	219
Subtotal	341	291
World Bank Group organizations		
IDA ²	6	6
IBRD	4	-
Other donors ³	5	1
Total Refunds to donors	\$356	\$298

Includes refund of accumulated loan repayments received by the Global Trade Liquidity Program Trust fund amounting to \$301 million during the fiscal year ended June 30, 2013 (2012: \$3 million).

Represents refund of accumulated credit repayments received by the trust fund for Gaza and West bank amounting to \$6 million during the fiscal year ended June 30, 2013 (2012: \$6 million). In accordance with the IBRD and IDA Board resolution establishing this trust fund, the refund is made to IDA.

³ Represents refunds to other multilateral development banks, United Nations agencies, public and private institutions.

June 30, 2013 and 2012

Expressed in millions of U.S. dollars unless otherwise noted

Note 9 - Administrative fees and expenses

To assist in the defrayment of the costs incurred by the Bank for the administration, supervision and oversight of modified cash basis trust funds, the Bank, charges administrative fees and expenses as applicable, pursuant to legal agreements with donors. The details are as follows:

Fees and expenses charged	2013	2012
Administrative expenses charged ¹	\$143	\$141
Fee charged as a percentage of contributions received from		
donors	64	86
Other fees ²	11	9
Total Administrative fees and expenses	\$218	\$236

¹ Includes \$99 million (2012: \$98 million) towards direct staff costs, related benefits and overheads, which were reimbursed to the Bank for its estimates of costs incurred.

Note 10 - Advances received from/repaid to the Bank

Advances received from the Bank in the amount of \$9 million represents interest-free advances provided by the Bank to the modified cash basis trust funds during the fiscal year ended June 30, 2013 (2012: \$6 million) in anticipation of receipts of contributions previously committed by donors. Repayments of advances previously made amounting to \$7 million occurred during the fiscal year ended June 30, 2013 (2012: \$6 million).

Note 11 - Fair value of financial instruments

The modified cash basis trust funds' share in the Pool is not traded in any market; however, the underlying assets within the Pool are reported at fair value. All investment decisions are made and performance monitored at the Pool level. The disclosure on fair value measurement and fair value hierarchy is therefore at the Pool level. The fair value amount of the modified cash basis trust funds' share in the pooled cash and investments at the end of the reporting period is also disclosed.

Fair value measurements

IBRD, on behalf of the World Bank Group, has an established and documented process for determining fair values. Fair value is based upon quoted market prices for the same or similar securities, where available. Financial instruments for which quoted market prices are not readily available are valued based on discounted cash flow models. These models primarily use market-based or independently-sourced market parameters such as yield curves, interest rates, volatilities, foreign exchange rates and credit curves, and may incorporate

² Includes fixed fee, start-up fee for new trust funds and other fee arrangements agreed upon with the donors.

June 30, 2013 and 2012

Expressed in millions of U.S. dollars unless otherwise noted

unobservable inputs. Selection of these inputs involves judgment. The Pool may include financial instruments such as government and agency obligations, time deposits and money market securities, asset-backed securities, securities purchased under resale agreements and securities sold under repurchase agreements, and derivatives.

The techniques applied in determining the fair values of financial instruments are summarized below:

Government and agency obligations and asset-backed securities

Where available, quoted market prices are used to determine the fair value of government and agency obligations and asset-backed securities. For securities for which quoted market prices are not readily available, fair values are determined using model-based valuation techniques, either internally-generated or vendor-supplied, that include the standard discounted cash flow method using market observable inputs such as yield curves, credit spreads, prepayment speeds, foreign exchange rates, and funding spreads.

Time deposits and money market securities

Unless quoted prices are available, time deposits and money market securities are of a short term nature and are reported at face value, which approximates fair value.

Securities purchased under resale agreements and securities sold under repurchase agreements

Securities purchased under resale agreements and securities sold under repurchase agreements are of a short term nature and are reported at face value, which approximates fair value.

Derivative contracts

Derivative contracts include currency forward contracts, currency swaps, interest rate swaps and contracts to purchase or sell TBA securities. Derivatives are valued using model based valuation techniques which include the standard discounted cash flow method with market observable inputs such as yield curves, foreign exchange rates, basis spreads, and funding spreads.

June 30, 2013 and 2012

Expressed in millions of U.S. dollars unless otherwise noted

Fair value hierarchy

Financial instruments representing the pooled investments for all of the trust funds administered by the World Bank Group are recorded at fair value on a recurring basis and are categorized based on the inputs to the valuation techniques as follows (in order of priority placed on the inputs):

Level 1: Financial instruments whose values are based on unadjusted quoted prices for identical instruments in active markets.

Level 2: Financial instruments whose values are based on quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; or pricing models for which all significant inputs are observable, either directly or indirectly, for substantially the full term of the instrument.

Level 3: Financial instruments whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

When the inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest priority level input that is significant to the fair value measurement of the instrument in its entirety. Thus, a Level 3 fair value measurement of the instrument may include inputs that are observable (Level 2) and unobservable (Level 3).

June 30, 2013 and 2012

Expressed in millions of U.S. dollars unless otherwise noted

The following tables present the Pool's fair value hierarchy for financial instruments measured at fair value on a recurring basis as of June 30, 2013 and June 30, 2012. Payables and receivables associated with the investment activities and cash are not included in the fair value hierarchy table and their carrying amounts approximate their fair values. The modified cash basis trust funds' share of the Pool's financial instruments may comprise varying proportions among the three levels.

In millions of U.S.dollars

Risk management related to the Pool

The modified cash basis trust funds are exposed to credit risk on its share of the cash and investments in the Pool. IBRD, on behalf of the Bank, limits investments to those financial instruments with minimum credit ratings at the time of purchase in the U.S. markets or equivalent as follows:

- Government and agency obligations issued or unconditionally guaranteed by government agencies
 rated at least AA- if denominated in a currency other than the home currency of the issuer.
 Obligations issued by an agency or instrumentality of a government, a multilateral organization or
 any other official entity require a minimum credit rating of AA-;
- <u>Time deposits and money market instruments</u> issued or guaranteed by financial institutions whose senior debt securities are rated at least A-;
- Asset-backed securities minimum rating must be AAA; and
- <u>Derivatives</u> counterparties must have a minimum rating of A-.

IBRD, on behalf of the World Bank Group, may require collateral in the form of cash or other approved liquid securities from individual counterparties in connection with resale agreements as well as derivatives. This collateral serves to mitigate IBRD's exposure to credit risk. The risk is also mitigated through the application of eligibility criteria and volume limits for transactions with individual counterparties and through the use of mark-to-market collateral arrangements for derivatives.

Under resale agreements, IBRD, on behalf of the World Bank Group, has received securities as collateral with a fair value of \$80 million and \$75 million as of June 30, 2013 and June 30, 2012, respectively and is permitted to sell or repledge these securities. No securities have been sold or repledged as of June 30, 2013. As of June 30, 2013 and June 30, 2012, the carrying amount of securities pledged as collateral under repurchase agreements was \$46 million and \$45 million, respectively.

June 30, 2013 and 2012

Expressed in millions of U.S. dollars unless otherwise noted

The following is a summary of the collateral received/paid by IBRD, on behalf of the World Bank Group, in relation to derivatives as of June 30, 2013 and June 30, 2012:

In millions of U.S. dollars

	2013	2012
Collateral received at fair value	\$13	\$128
Collateral permitted to be repledged	13	128
Amount repledged	-	-
Collateral paid at carrying value	8	-

Modified cash basis trust funds' share of cash and investments in the Pool

The modified cash basis trust funds' share of cash and investments in the Pool, which was allocated to sub-portfolios based on the specific investment horizons, risk tolerances and other eligibility requirements pursuant to the trust fund legal agreements with the donors, has a fair value of \$12,051 million as of June 30, 2013 (2012: \$11,737 million).

The following table presents investment holdings at fair values in the sub-portfolios in terms of the counterparty credit risk exposure and investment categories as of June 30, 2013 and June 30, 2012:

Counterparty credit ratings	2013	2012
AA or greater	63%	65%
A- or greater	99%	100%
BBB+ or greater	100%	-
Types of financial instruments		
Government and agency obligations	65%	57%
Time deposits and money market securities	34%	41%
Asset-backed securities	1%	2%
Securities purchased under resale agreements and		
securities sold under repurchase agreements, net	*	*
Derivatives, net	*	*
Total	100%	100%

^{*} Holdings of less than 0.5%.

Note 12 - Subsequent events

Management has evaluated subsequent events through September 27, 2013, the date these Statements were available to be issued and there are no subsequent events that would require adjustment to or disclosure in these Statements.

Note 13 - List of Trust Funds included in the Statements

Annex 1 provides the listing of individual trust funds which are administered by the Bank and are reported for using the modified cash basis of accounting, as described in Note 2, and therefore are included in the Statements. Certain trust funds are included in the fiscal year ended June 30, 2012, but not in the fiscal year ended June 30, 2013 because they were closed during the fiscal year ended June 30, 2012. Similarly, certain trust funds are included in the fiscal year 2013, but not in fiscal year 2012 because they were created and activated, or their basis of accounting was changed (Note 3) during the fiscal year 2013.
