THE AGRICULTURAL DEVELOPMENT AGENCY

What competencies developed/built as a result of going through the accreditation process?

Governance strengthened:

1. The development of the Environmental and Social Safeguard policy in 2015 and its revision in 2020 (within the Adaptation Fund Readiness Support);
2. The development of the gender policy;
3. The manual for the investigation and management of complaints against fraud and corruption;
4. The ADA-GCF procedures manual;
5. The prioritization manual for projects submitted for AF/GCF funding;
6. The communication strategy and related tools;
7. The realization of the Carbon Footprint and a mitigation action plan.

THE AGRICULTURAL DEVELOPMENT AGENCY

LESSON LEARNT

Importance of good governance, internal dynamic, visibility, high motivation and appropriation;

Importance of hierarchy implication and the mobilize internally the structures

Capitalization and inspiration from the experiences of other NIEs (south-south cooperation)

THANK YOU
