Accreditation modalities

ADAPTATION FUND

❑ Accreditation is valid for a period of **5 years**

Re-accreditation Process

- An organization can change significantly in five-years and therefore the process of accreditation renewal must be commensurate with any potential changes to the organization.
- Applicants are requested to describe any changes that have occurred since its accreditation with AF and provide the most up-to-date supporting documentation in compliance with the re-accreditation criteria.
- **It is important to start the process early** - avoid a major gap between accreditation expiration and the granting of re-accreditation.

Second NIE nomination

ADAPTATION FUND

❑ At the Thirty-sixth AFB Meeting ([April 2021](#)) through **Decision B.36/42**

Having considered the analysis contained in document AFB/B.36/5, the Adaptation Fund Board (the Board) decided:

(a) To enable the accreditation of **up to two National Implementing Entities (NIEs) per country** for eligible developing-country Parties, and to request the secretariat to reflect that change in the Operational Policies and Guidelines (OPG) and to submit the revised OPG for consideration by the Board at its thirty-seventh meeting;

(b) To strongly encourage countries to make use of the direct access modality of the Adaptation Fund in order to enhance national capacity and country ownership, including, whenever possible, through the accreditation of NIEs and the submission of projects through the same.

❑ **The decision enables countries to nominate and accredit up to two national implementing entities (NIEs) per country**

❑ **It encourages all developing countries, including those that do not yet have NIEs, to make use of the Direct Access modality to bring potential new entities forward for accreditation and to develop adaptation projects through the modality.**
