- IMPLEMENTING ENTITY: **MINISTRY OF ENVIRONMENT (MoE)**
- EXECUTING ENTITY: **RWANDA GREEN FUND(FONERWA)**
- PROJECT BUDGET: **4,998,812 U.S DOLLARS**

- Rwanda seeks to address impact on rural communities from climate variability and change from increasing extreme rainfall, increasing water availability and periodic drought and effects to agriculture and livelihoods in general
- We have set our ambitions based on the updated NDCs (24 adaptation indicators) and also the Revised GGCRS and other associated strategic documents(SPCRS,CCVSR)
- limited knowledge and financial capacity to undertake adaptation solutions.

How long did the application in the process take?

1st application was done July 2021

2nd application in July 2022

Approved in November 2022

**Finalization of Agreement signature April
2023**
