## Evaluation Policy of the Adaptation Fund

The Evaluation Policy of the Adaptation Fund is a stand-alone document that frames the Fund's evaluation function by providing high-level strategic guidance. The purpose of this Evaluation Policy is to identify the fundamental expectations, processes, and protocol to support a reliable, useful, and ethical evaluation function that contributes to learning, decision-making, and accountability for the Adaptation Fund (the Fund) to pursue its mission, goal, and vision effectively.

It comes into effect in October 2023, superseding the Fund's 2012 Evaluation Framework. This EP outlines the evaluation function for the Fund and its entities, and lays out the evaluation function's goals, criteria, and principles. It also proposes to bring a more consolidated approach to stakeholder roles and responsibilities in relation to evaluation.

## Guidance Notes throughout the project cycle

## Over-arching guidance notes

- **Evaluation Principles:** This guidance note elaborates the seven evaluation principles introduced in the Fund's Evaluation Policy. It explains when to use the Fund's evaluation principles, and then examines each principle individually, and provides a checklist to help with their operationalisation.
- **Evaluation Criteria:** This guidance note elaborates the nine evaluation criteria introduced in the Fund's Evaluation Policy. It explains when to use the evaluation criteria, then examines each criterion individually, and provides guidance for their operationalisation.
