

ADAPTATION FUND

Designing and Applying for LLA-type Funding

What can AF and CRPP funding be used for?

Objective	AF	ADB CRPP
Technical Assistance	<ul style="list-style-type: none"> • Developing procedures/manuals/guidelines for screening projects for ES risks as well as gender-related risks; • Developing procedures/manuals/guidelines for undertaking ES risk assessments and formulating risk management plans that are gender responsive • Developing Policies for public disclosure and consultation that are gender- responsive, • Updating of existing procedures /manuals/guidelines • Developing transparent, accessible, fair and effective complaint handling mechanisms • Training of staff 	<ul style="list-style-type: none"> • Research and analysis, scoping • Policy dialogues, including to support community engagement, cross-government, private sector • Documenting and sharing lessons • Strengthening capacity to access finance either domestically or internationally • Pilot solutions
Project Preparation <i>In support of an investment in the pipeline</i>	<ul style="list-style-type: none"> • help NIEs tap into external (international or national) expertise in the form of short-term consultant assignments to undertake specific technical assessments such as an environmental impact assessment (EIA) a vulnerability assessment (VA), a risk assessment, a gender study, and other environmental and social assessments. • generate information in advance on the likely effects climate change will have on people and the environment 	<ul style="list-style-type: none"> • Pre-feasibility and feasibility studies • Climate risk vulnerability assessments • Capacity building to help identify, develop, and implement community level adaptation measures • Engagement with stakeholders
Grant Financing		<ul style="list-style-type: none"> • As part of an ADB investment

Questions to Answer

Project description

- Specific problem which you seek to address, **including risks and vulnerabilities, under current and future conditions of climate, to be addressed in context of poverty reduction?**
- Expected overall objective, activities, and outputs, outcome, and impact
- What barriers related to scaling up of adaptation solutions at the local level are addressed?

Sustainability, Impact, Engagement

- How will this activity be sustainable? (e.g., is linked to an investment, scoping for opportunities, building capacity of gov't or communities etc., knowledge sharing)
- How will you engage with national and local stakeholders (incl. **women, marginalized groups**)?
- Alignment with national and local climate priorities

Themes to consider

Strengthening Systems for local-level adaptation

- are there national and/or subnational government systems (e.g., policies, capacities, financial transfer mechanisms) that need scoping or support?
- integrating climate risk and adaptation into existing social protection programs,
- support decentralization processes
- Design of climate adaptation specific financial mechanisms

Specific investments

- landscape restoration and livelihoods diversification
- microfinance program for climate-resilient entrepreneurship
- Urban resilience and flood management

What to remember about CRPP

CRPP: A few things to remember

- **Objective:** Support the scale up of local adaptation investments that aimed at the nexus of poverty reduction, gender, and climate
- **Access:** through ADB Resident Missions and sector teams
- **Finance can be used for:**
 - Local and national systems and capacity building
 - Knowledge and action research
 - Project preparation, piloting, and investments
- **Through** technical assistance and grants
- All ADB DMCs are **eligible** for the CRPP Trust Fund but...

...To become a CRPP TF Country

- At home:
 - Identify the ADB Ministry of Finance focal point to indicate your interest in being part of CRPP
 - Nominate a CRPP Focal Point (specific individual in a Ministry of choice)
 - Coordinate with ADB Resident Mission (RM) on intent to join CRPP and discuss priority sectors/ideas
- CRPP Team (in Manila) will:
 - Draft a country specific Summary Note on CRPP
 - Draft a No Objection Letter for our ADB Country Director to send to ADB MoF Focal Point in country
 - Coordinate with our RMs and your sectors of interest to identify potential CRPP applications
